

CURRICULUM

ALL CLASSES WILL BE TAUGHT BY A PARENT GUIDE, AND STUDENTS WILL MOVE AROUND FROM CLASSROOM TO CLASSROOM TO ENCOURAGE INDEPENDENCE AND RESPONSIBILITY.

	Memory	History	Science	Art/ Philosophy	Language	Grammar	Math	Writing/ Literature
Scouts	Claritas Memory Work	Story of the World	Hands on Science	Music and Visual	English Phonics and Spanish		Math Games and Saxon	Cursive
Rangers	Claritas Memory Work	Story of the World	Hands on Science	Music and Visual	English Phonics and Spanish		Math Games and Saxon	Cursive
Pathfinders	Claritas Memory Work	Story of the World	Hands on Science	Music and Visual	English Phonics and Spanish	English	Saxon	Cursive and IEW
Trailblazers		Story of the World	Novare Life Science		English Phonics and Spanish	English	Saxon	Cursive and IEW Newberry Various
Mountaineers		Current Events	Novare Earth Science Seasons	Traditional Philosophy	Spanish		Saxon History of Math Business Math	Poetry and Short Stories

SCOUTS

This age group will focus on memorizing facts (history, science, math, foreign language, english grammar, and geography) from a certain time period. They will increase their knowledge in math, spelling/phonics/cursive' scientific method, and art. They will have an opportunity to refine their presentation skills each week.

Claritas Memory

Student will learn weekly memory work for Grammar, Science, History, Geography, and Scripture. This memory work will become the roadmap for what students learn the rest of the day.

Fine Art

Students will study art appreciation, and skill. Throughout the year, students will be exposed to the language and hands on experience to understand artists and composers of the period.

Science

Students will further their understanding of the science statements taught each week in *Claritas*. Topics will be supported in rotation throughout the year based on yearly topics through experiments.

Cursive / Spelling

Students will begin with writing all 26 phonograms lowercase in cursive, then move on to spelling words. Our goal is to equip them with phonograms in spelling, writing, and reading to aid what students are learning at home.

Read-a-loud / Recess

Students practice listening skills while enjoying a snack as their guide reads from *Story of the World Volume 2*. Families are encouraged to read aloud often at home.

Presentation (Speech)

Students receive weekly practice speaking in front of an audience. They'll prepare presentations, learn body language, and vocal skills. Listeners will practice listening skills.

RANGERS

This age group will focus on memorizing facts (history, science, math, foreign language, english grammar, and geography) from a certain time period. They will increase their knowledge in math, spelling/phonics/cursive' scientific method, and art. They will have an opportunity to refine their presentation skills each week.

Claritas Memory

Student will learn weekly memory work for Grammar, Science, History, Geography, and Scripture. This memory work will become the roadmap for what students learn the rest of the day.

Fine Art

Students will study art appreciation, and skill. Throughout the year, students will be exposed to the language and hands on experience to understand artists and composers of the period.

Science

Students will further their understanding of the science statements taught each week in *Claritas*. Topics will be supported in rotation throughout the year based on yearly topics through experiments.

Cursive / Spelling

Spell to Write and Read, a comprehensive spelling program that focuses on phonetics, cursive, and rules to the English language. This curriculum can be tailored to the child's need. Weak and strong spellers, alike, can gain from this program. Students will build their own "textbook" in class. Spelling Bee at the end of the year.

Read-a-loud / Recess

Students practice listening skills while enjoying a snack as their guide reads from *Story of the World Volume 2*. Families are encouraged to read aloud often at home.

Presentation (Speech)

Students receive weekly practice speaking in front of an audience. They'll prepare presentations, learn body language, and vocal skills. Listeners will practice listening skills.

PATHFINDERS

This age group will cover the above material, with the addition of more advanced english grammar and a writing program. There will be a major history/writing project at the end of the year.

Fine Art - Students will study art appreciation, and skill. Throughout the year, students will be exposed to the language and hands on experience to understand artists and composers of the period.

Science - Students will further their understanding of the science statements through hands-on experiments. Topics will be supported in rotation throughout the year based on yearly topics through experiments.

Cursive / Spelling - *Spell to Write and Read*, a comprehensive spelling program that focuses on phonetics, cursive, and rules to the English language. This curriculum can be tailored to the child's need. Weak and strong spellers, alike, can gain from this program. Students will build their own "textbook" in class. Spelling Bee at the end of the year.

History/Geography - Students practice listening skills while enjoying a snack as their guide reads from *Story of the World Volume 2*. Families are encouraged to read aloud often at home.

Presentation (Speech) - Students receive weekly practice speaking in front of an audience. They'll prepare presentations, learn body language, and vocal skills. Listeners will practice listening skills.

Grammar - This class will teach the fundamentals of the English language, including the parts of speech, analyzing sentences, learning composition rules, practicing sentence diagramming, and parsing sentences. Families can expect at-home practice.

IEW - Instruction in this class includes: writing structure, writing style, proofreading and presentation final copy written work. The End of the Year Project will be a biographical history research paper. This class will require daily work at home.

Spanish - This class will present a unique opportunity to learn the Spanish language from a native speaker, our Guide, Ms. Angie. Students will be practicing conversational Spanish, grammar, learning and culture. This class will require daily work at home with help through videos made by the Guide.

TRAILBLAZERS

This age group will focus on dividing their time into several subjects. They will delve into math, literature, history/geography, spelling, science, foreign language, and writing and grammar programs.

Math

Students will use *Saxon 7/6* math curriculum in class and at home.

Grammar

This class will teach the fundamentals of the English language, including the parts of speech, analyzing sentences, learning composition rules, practicing sentence diagramming, and parsing sentences. Families can expect at-home practice.

Science

Students will further their understanding of the science with *Novare Life Science*. Student will study the organ systems, genetics, cellular respiration, photosynthesis, and sensory systems, energy, populations, nutrient cycles, and biomes of ecosystems.

Cursive / Spelling

Spell to Write and Read, a comprehensive spelling program that focuses on phonetics, cursive, and rules to the English language. This curriculum can be tailored to the child's need. Weak and strong spellers, alike, can gain. Students will build their own "textbook" in class. Spelling Bee at the end of the year.

Writing/Literature

Students practice writing skills using *IEW Bible* during the 1st semester. In the 2nd semester students will learn to annotate and write persuasive essays using Newberry Award winning literature.

History/Geography

Students will learn about the Medieval period by working through the *Story of the World* curriculum. We will look at the Fall of Rome to the Rise of the Renaissance. Students will engage in hands on activities, and weekly vocabulary.

Spanish

This class will present a unique opportunity to learn the Spanish language from a native speaker, our Guide, Ms. Kat. Students will be practicing conversational Spanish, grammar, learning and culture. This class will require daily work at home with help through videos made by the Guide.

MOUNTAINEER

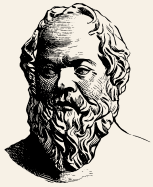

This group will cover materials like math, literature, philosophy, science, etc with a conversational approach. Students will be required to come to class with the material finished and prepared to discuss ideas, revelations or ask questions of the instructor and other students.

Masterpoint Curriculums The Climb 2 will be used a required for parents to purchase .

Math

Students will learn Saxon Algebra 1/2, through the year. They will work from the *Mathematics: An Illustrated History of Numbers* text the 1st semester and Your Business Math the 2nd semester.

Logic

Students will study *Traditional Logic I & II*. This is an in-depth study of the classical syllogism. Along with a basic understanding of the Christian theory of knowledge, the text presents the four kinds of logical statements, the four ways propositions can be opposed, the three ways which they can be equivalent, and the seven rules for the validity of syllogisms.

Science

Students further their understanding of the science in the 1st semester with *Novare Earth Science*. Student will study landforms minerals, and planetary phenomena, conservation, climate change, pollution, and environmental justice. In the 2nd semester student will study Gods universe using *Signs & Seasons: Understanding the Elements of Classical Astronomy*. The focus is on learning classical astronomy through movement of celestial bodies and how they change through a day, a month, and year. The course is written from a Biblical standpoint.

Spanish

This class will present a unique opportunity to learn the Spanish language from a native speaker, our Guide, Ms. Angie. Students will be practicing conversational Spanish, grammar, learning and culture. This class will require daily work at home with help through videos made by the Guide.

History

Students study history through the discussion of current events. They will also study the legal case of *People v Klein* and participate in a Mock Trial.

Literature

Students receive instruction on poetry using *The Grammar of Poetry During* the 1st semester. In class and at home they will study Short Story readings and learn *How to Write a Story* in the 2nd semester.
