Success Rate

Many factors influence grant success and are outside of grant writers influence. We do, however, have 96% repeat clients who can attest to our amazing skills and contributions.

*We know grants and research and we understand the grantors.

Unique Proposal Development

Highly competent and professional writers

Our team is composed of experienced writers, researchers, former journalists, editors, writing scholars, and professors powered by strong writing, editing, and analytical skills.

Continuous correspondence with clients
We keep you updated through constant e-mail communication and efficient customer care courtesy of our support team.

Detail Driven Writing Process

Clear and precise budget presentation
Nothing is left out. Small details of the proposed project are indicated. Clear presentation of all required information will prove to funding organizations how you will efficiently allocate the funds they have provided.

Our customer savvy sales and support team promptly responds and listens to every concern and makes sure that all clients are attended well.
