# About Us

Eventive Sports LLC powers the Battle in the 740 high school basketball showcase.

Our organization's goal is to be the most appreciated and desired provider of high school basketball events in the state of Ohio.

We not only create opportunities for high school girls' and boys' teams to compete but also inspire players, coaches, families, officials, and administrators to be the best people they can be during their athletic pursuits and future endeavors.

This Battle in the 740 would not be possible without Shawnee State University and the OHSAA, along with the school administrators and coaches, officials, support personnel, and volunteers who help put on what we hope will be an annual event each December.

This year we have 26 teams, many of which have numerous players going on to play at the collegiate level, making for competitive and challenging games.

We hope you enjoy this year's Battle in the 740 and thank you for attending!
