

The Original Snout-n-Snack

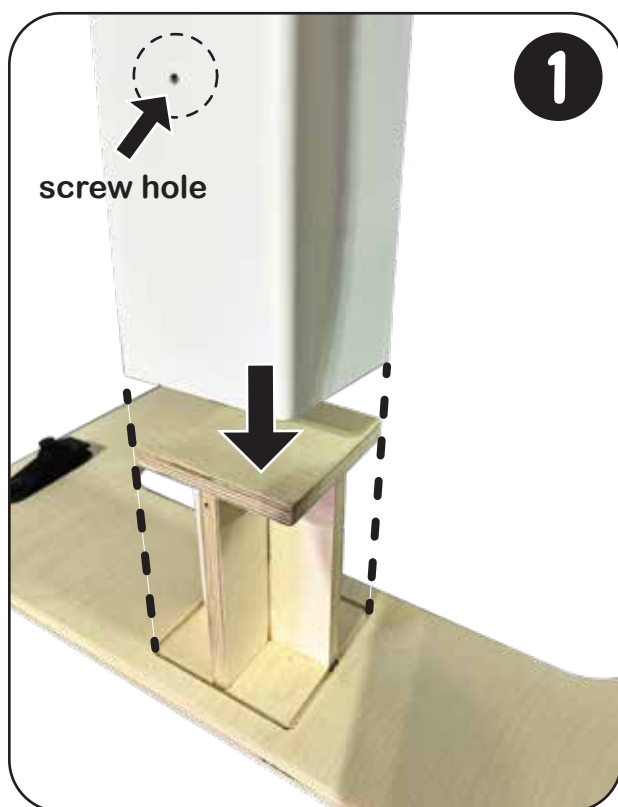

By now, you've probably realized that your cute little pot belly pig is growing up—and bringing a lot of personality with them. Much like toddlers, pigs can be sweet and attentive one moment... and completely stubborn the next. Keeping them entertained and out of trouble can be a real challenge.

Meet the Snort-n-Snack — an enrichment toy for happy, healthy indoor and outdoor piggies! This brain-boosting activity center is specially designed to keep your pig active, engaged, and entertained. When pigs play with purpose, they live happier lives!

Slide the post onto the wooden base, making sure the screw hole is facing the back. Align it with the channel in the base and set it firmly in place.

Secure the white post with the screw provided.

Attach rooting mat to clips.
