Yet real.

*From the book:* “The programmers told us that every kid had to go through Super Soldier and MKUltra projects. We were told we were no different than anyone else and we were nothing special”

Author's Note: My beginnings were created in a lab, born to the occult, child torture, leading to 169 alter personalities during Super Soldier Program training. Defeating all odds with the grace of Yahuah (God in Hebrew) I am now fully reintegrated with a new life, as a Watchman on the Wall, whistleblower and fully Ordained Minister. I speak out for all those who are voiceless or did not make it.
