2023 OCTOBER NEWSLETTER

HISPANIC HERITAGE MONTH:

The many contributions to our community and society made by Hispanics are celebrated from September 15 to October 15. During this month it is important to offer our support to the small businesses owned by our fellow Hispanics.

END OF THE YEAR

The end of the year is quickly approaching. As you know, the end of the year also means that tax season is almost among us. Do you have all of your tax documents ready? Is your bookkeeping up to date? It is important for you to have these items in order to have a great tax season. If you require help with any of these things, call us and we can assist you.

IRS SCAMMERS

Identity thieves may contact taxpayers through fraudulent calls, emails, texts or social media messages pretending to be the IRS. Beware of these tactics and know what action to take. The IRS will contact you via a letter or notice first, subsequently a phone call could be made. However, the IRS will never contact taxpayers through email, text messages and/or social media requesting personal financial information.
