2021 - AND 2020 LOOKBACK !

WRITTEN BY ERIKA

None of us could have predicted the last 12 months, but as a community we have faced all the challenges that were thrown at us with lockdowns, restrictions and many stressful days - and the fact we are here in 2021 we have got through.

As we move forward into 2021, we are delighted to see travellers choosing Siargao for their well deserved break and I hope that with the vaccine rollout across the world, people can travel more freely in 2021 and live their 'Island vibe getaway dream' here in Siargao. As always, stay safe, stay positive and stay supportive. The beach is here and its just waiting for you to come back and enjoy the sunrises and sunsets and fill you with its energy ! Come and see us in Banakod soon.
