FASHION MEETS FUNCTION

Our philosophy

At Buddy Belts, we care about animal welfare. We believe that every animal deserves to live a safe, secure, and comfortable life. As members of the pet industry and community, we wholeheartedly believe that it is our duty to create products that not only do no harm to our pets, but that actually prevent and treat potential issues.

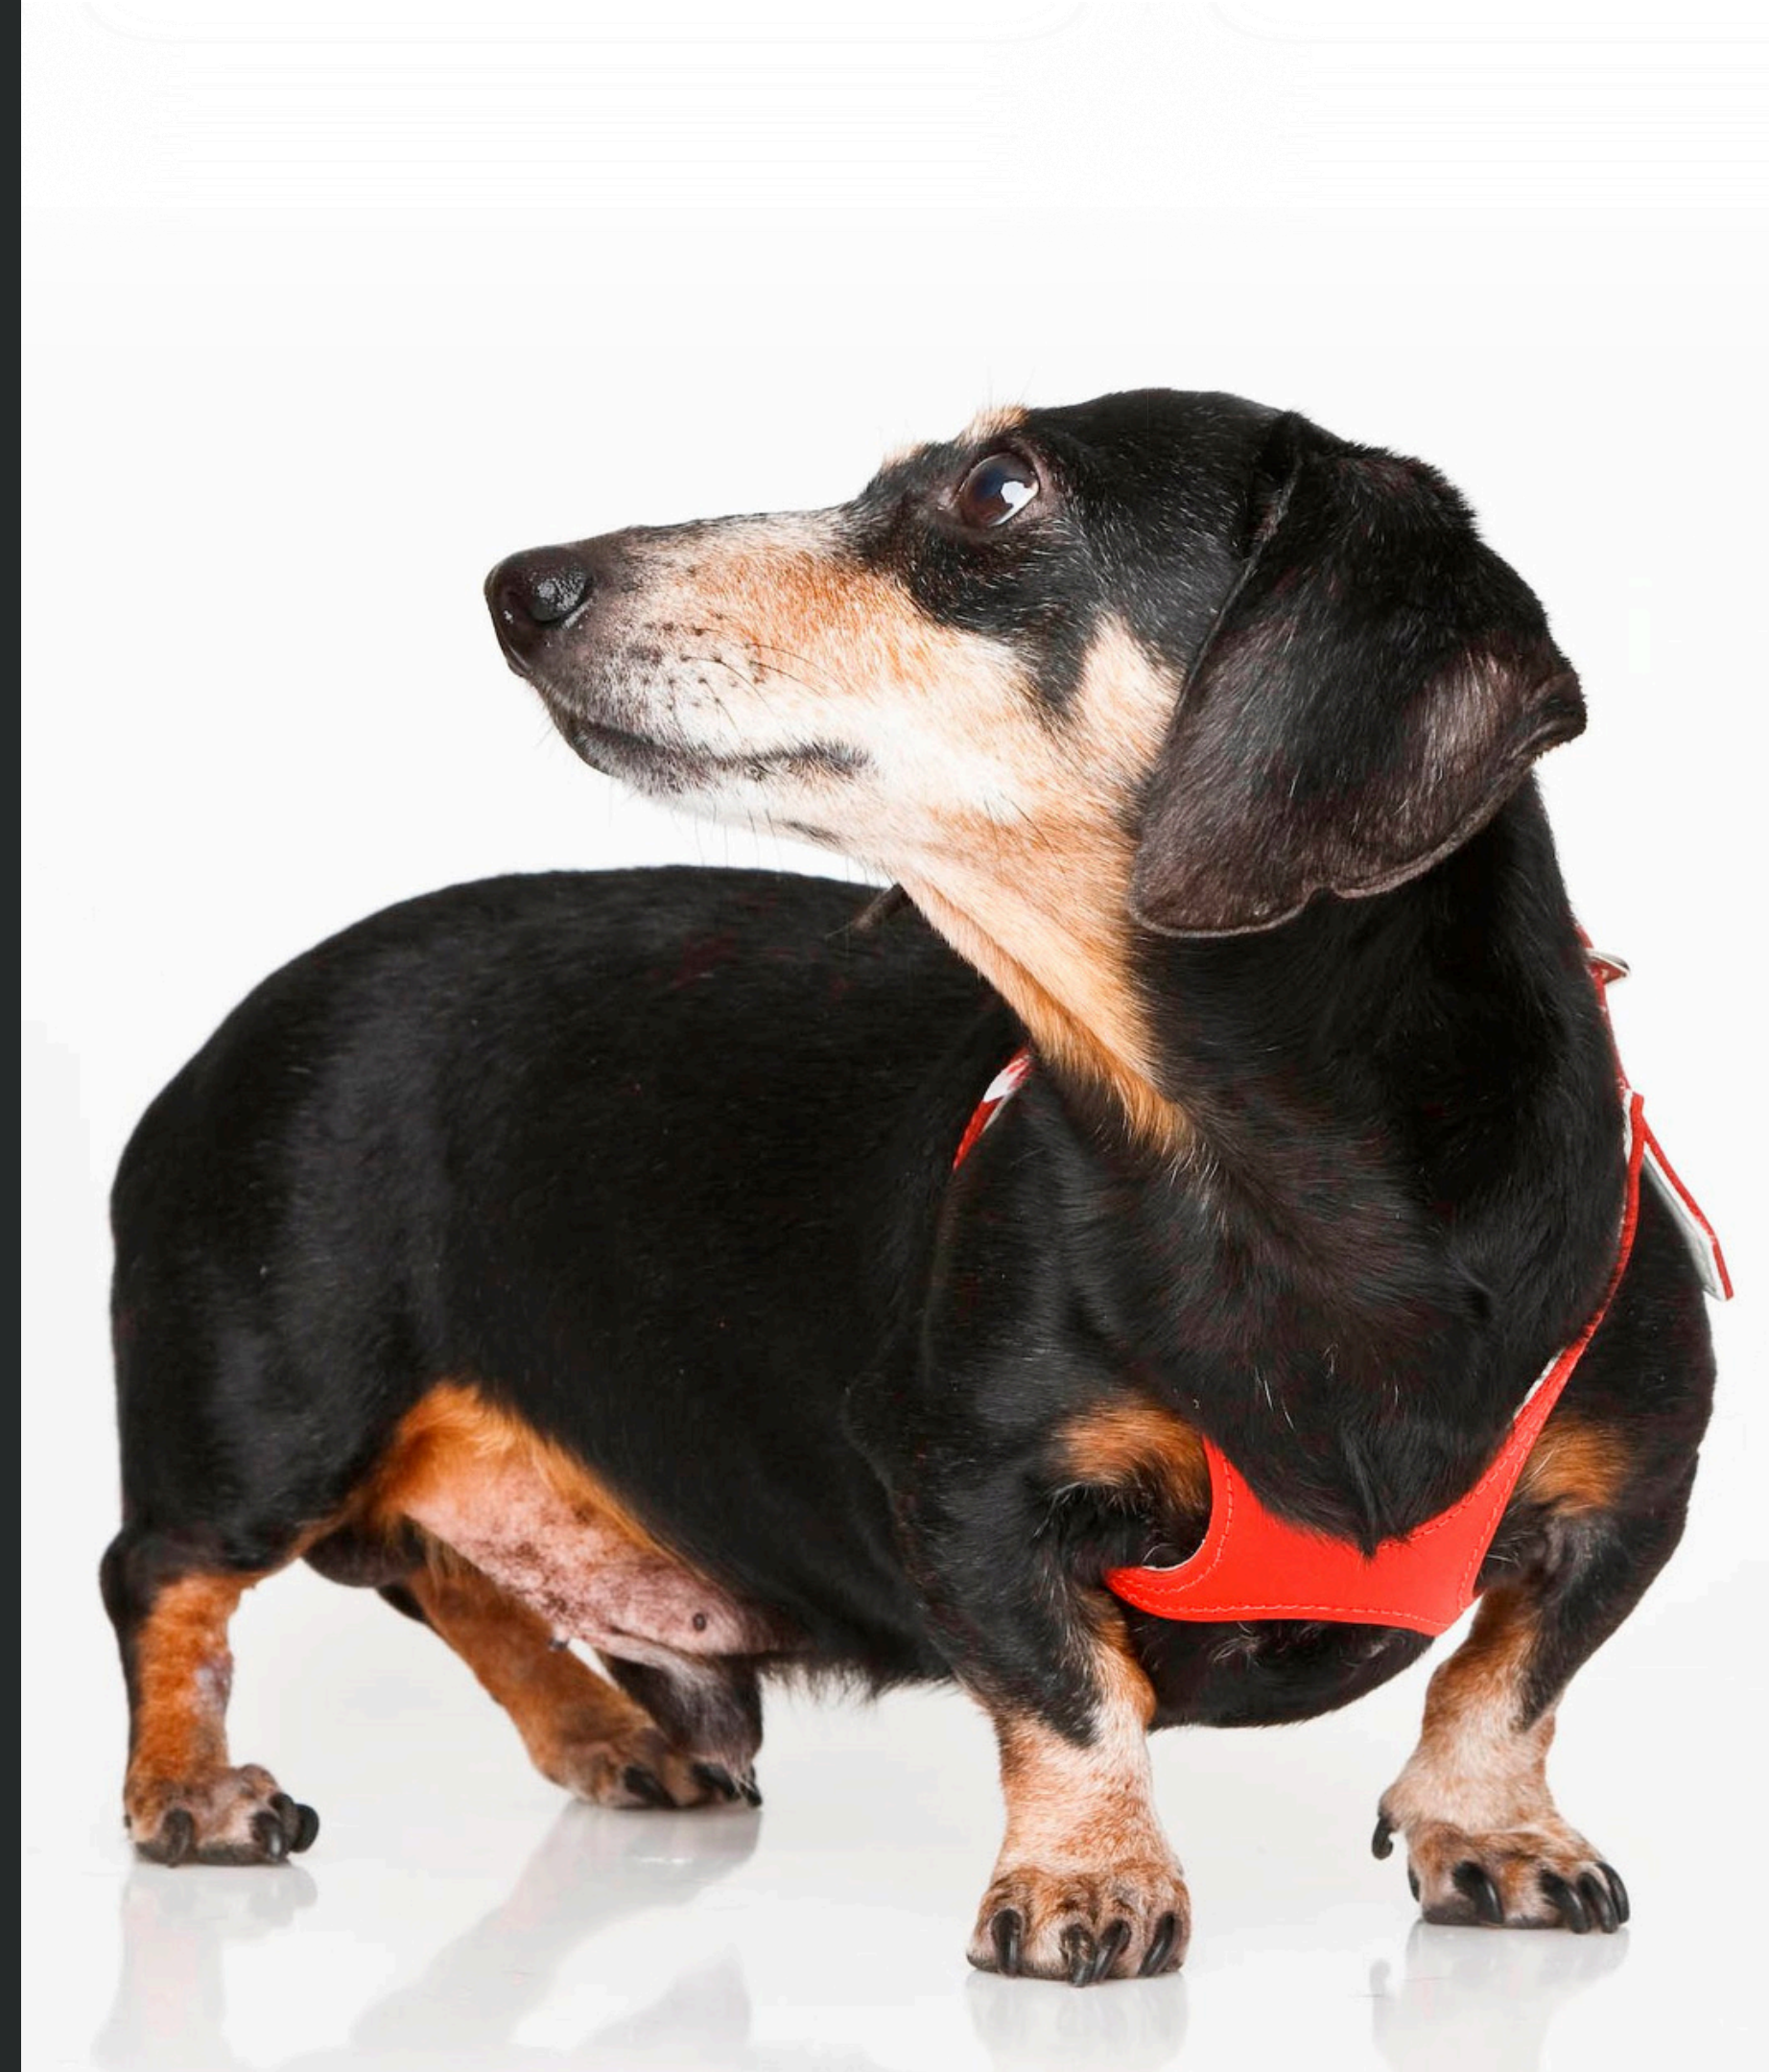

OUR STORY

The Buddy Belt was inspired by a very special miniature Dachshund named Buddy. He was coughing as a result of using a neck collar during his walks.

Unable to find a step-in harnesses that solved Buddy's problem, his mom Roxanne decided to make one for him.

That was in 1997.

What started as a journey to better the life of one little dog, turned into the beginnings of a global brand.

**OVER THE PAST 20 YEARS, THE BUDDY BELT HARNESS
HAS IMPACTED THE LIVES OF PETS AROUND THE
WORLD BY OFFERING A SAFER, HEALTHIER
ALTERNATIVE TO TRADITIONAL NECK COLLARS.**
