# INNOVATION

## FUZZYARD.

### Taking the lead in pet products.

#### Who Is FuzzYard?

We aren't like any other pet product company. Since 2003, we've been designing & droppin' some of the coolest and freshest products in the market for your furry best friend.

The world was screaming, barking and howling for pet products that stood out. Who said pet products needed to be boring? Not us, that's for sure! That's why we set out to be industry leaders, creating premium pet products with the highest aesthetic appeal.

Founded in Melbourne, Australia by Stu McIntosh, he is backed by an incredible team all striving to make FuzzYard the #1 Pet Brand.

FuzzYard is sold in more than 50 countries and 15,000 stores globally and we can now proudly say we are finally available in Canada!

Our brand new facility is based in Vancouver making it super easy for us to get you the products that are going to keep your customers coming back for more.

Check out the ensuing pages for a glimpse of what FuzzYard is all about.

## WALKING.

### Walk the streets in style.

Our range of leads, collars and harnesses are anything but boring! There is a bright and bold design for every taste and a selection of solid colour options for those who like a classic look.

We have two types of harnesses that are lightweight, super-comfortable and easy to fit. They feature breathable mesh on the inside and a metal D-ring to secure your dog's lead.

Our leads and collars are made from sturdy neoprene that is comfortable on your hands and won't rub against your dog's fur. Leads have a steel spring-loaded latch to secure to your dog's collar or harness, and our collars have a sturdy die-cast attachment ring and thick cushioned webbing for durability.

## TOYS.

### ENDLESS PLAY TIME.

Our toys are here to brighten your pet's day and offer them maximum playtime entertainment.

As leaders in the industry, we're always on top of the latest trends. Translating those trends to our toys makes them unique and loved by pets all around the world.

All our plush and flat-out toys are designed in Australia, made with the best quality materials and fitted with a squeaker to bust your pet's boredom.

## APPAREL RANGE.

### Walk the streets in style.

Fuzzyard's pet apparel isn't just about looking fun and fashionable but also functionality!

Quality always comes first, with only the highest quality fabrics, materials, and carefully chosen embellishments such as buttons, zippers, and embroidery being added to each style.

Our pet apparel won't just make your pet look great but also feel great too!
