Re: Jaime M. Prada – Letter of Recommendation

To Whom It May Concern:

Please let this letter serve as a recommendation for Jaime Prada, who worked in the Educational Design Studio at Zyscovich Architects during the winter of 2017 as a Graphic Designer. During that time, I was consistently impressed by both his design skills and his professionalism and commitment to our organization.

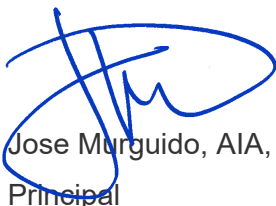

As an intern in our Educational Design Studio, Jaime established himself by taking on projects that require both high levels of creativity and technical skills and frequently working under very tight deadlines. Some examples of the type of work he was responsible for included renderings, 3D modeling and animations of our design work, as well creating graphic layouts for presentation to our clients of our work. He is fluent in all appropriate design software and showed initiative in learning new skills and expanding his talents.

Future employers should feel confident in his creativity and work product. Jaime's proven commitment to the work at our organization, I am sure will transfer to his work with any future clients or employers that may seek his creative talents.

Please don't hesitate to contact me for any further information.

Sincerely,

ZYSCOVICH
