

EXECUTIVE SUMMARY

The Centurion Futures Initiative

The Centurion Futures Initiative is a comprehensive community investment portfolio designed to transform Cypress High School into a model of 21st-century education.

Through strategic partnerships with local businesses and community leaders, we aim to fund six transformative projects that will impact every student on campus.

Total Investment Goal

\$250,000+

Across 9 transformative projects impacting 2,700 students

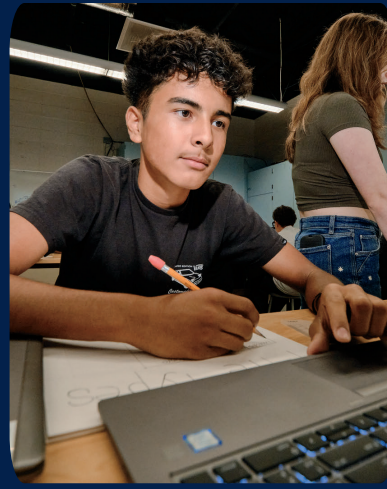

SUGGESTED PROJECTS

- 01 Digital Music Production Equipment — \$30,400
- 02 Outdoor Performance Stage Audio — \$9,200
- 03 AI & Innovation Labs — \$28,000
- 04 Athletics Enhancements — \$35,000
- 05 Visual/Performing Arts Programs Fund — \$45,000
- 06 Career Technical Education — \$50,000
- 07 Teacher/Classroom Grants — \$10,000
- 08 Student Enrichment Fund — \$10,000
- 09 Centurion Scholarship Fund — \$10,000

This is not a fundraiser. This is a community investment in the workforce, leaders, and innovators of tomorrow.

SAMPLE PROJECT 01

Digital Music Studio Equipment

Creating Tomorrow's Producers, Artists, and Entrepreneurs

INVESTMENT GOAL - \$30,400

STUDENT IMPACT

- 150+ students annually
- Industry-standard equipment
- Music production & podcasting
- Audio engineering & film scoring
- Entrepreneurship skills

COMMUNITY IMPACT

- Student showcases & concerts
- District event production
- Recording opportunities
- Community partnerships
- Real-world portfolio building

**"Instead of simply learning about music...
Students become creators."**

SAMPLE PROJECT 01

Digital Music Studio Equipment

Creating Tomorrow's Producers, Artists, and Entrepreneurs

WHAT YOUR INVESTMENT COVERS

At Cypress High School, we believe students should graduate with far more than academic knowledge—they should leave with the creativity, confidence, collaboration skills, and technical expertise needed to thrive in today's world.

Our Digital Music Production Pathway gives students the opportunity to compose, record, edit, produce, and market original music using industry-standard technology. Students don't simply learn about music—they become creators, producers, sound engineers, entrepreneurs, and storytellers.

While our students have extraordinary talent and passion, our current equipment limits what they can achieve.

Through this project, we are seeking approximately \$30,000 to build a professional-quality Digital Music Production Studio in a classroom equipped with industry-standard recording equipment, instruments, MIDI controllers, audio interfaces, mixing equipment, electronic percussion, guitars, and production technology that will prepare students for careers in music production, film scoring, podcasting, broadcasting, gaming, media, entertainment, and audio engineering.

This studio represents the first phase of a long-term vision. As the program grows, our next goal is constructing a professional soundproof recording booth that will allow students to produce commercial-quality recordings and gain authentic industry experience.

SAMPLE PROJECT 02

OUTDOOR STAGE SOUND SYSTEM

Giving Every Student a Voice

INVESTMENT GOAL - \$9,200 + Installation

STUDENT IMPACT

- Amplifies student voice
- Supports thousands annually
- Assemblies & pep rallies
- Outdoor performances
- Student-run events

COMMUNITY IMPACT

- Community event hosting
- Enhanced school spirit
- District-wide gatherings
- Parent engagement nights
- Civic ceremony venue

**"Every student deserves to be heard.
This soundsystem makes that possible."**

SPONSORSHIP LEVELS

SAMPLE PROJECT 02

OUTDOOR STAGE SOUNDSYSTEM

Giving Every Student a Voice

What Your Investment Covers

The Cypress High School outdoor quad stage is the heart of our campus.

It serves as the gathering place for student performances, assemblies, cultural celebrations, guest speakers, award ceremonies, community events, club activities, lunchtime performances, family engagement nights, and countless opportunities for students to showcase their talents.

Unfortunately, this important space was built without a permanent outdoor sound system. Every event requires temporary equipment, additional setup, inconsistent audio quality, and significant staff time. More importantly, many student voices simply cannot be heard.

We are seeking sponsorship to purchase approximately \$9,200 in professional outdoor sound equipment, with an additional \$7,000-\$10,000 needed for installation by the district once equipment specifications are finalized.

SAMPLE PROJECT 03

AI & Innovation Labs

Preparing Students for the Future

Investment Goal: \$28,000

STUDENT IMPACT

200+ students annually will gain hands-on experience with artificial intelligence, machine learning, robotics, and data science — skills that define the modern workforce.

COMMUNITY IMPACT

Student-built AI solutions for local businesses, community tech showcases, partnerships with industry mentors, and a pipeline of career-ready graduates.

"Students won't just learn about AI — they'll build it, test it, and use it to solve real problems."

FUNDING LEVELS

AI & Innovation Labs

Preparing Students for the Future

What Your Investment Covers

At Cypress High School, we believe today's students should be creators of technology—not just consumers of it. Artificial intelligence, robotics, engineering, and emerging technologies are rapidly transforming every career field, and our students deserve opportunities to explore these innovations long before they graduate.

Our AI & Innovation Labs will provide students with authentic, project-based experiences where they design, build, test, and solve real-world problems using cutting-edge technology. Whether developing AI applications, building solar-powered robotics, conducting scientific research, or competing in engineering competitions, students will strengthen the creativity, collaboration, communication, and critical thinking skills that define tomorrow's workforce.

Funding for this project will support laboratory upgrades, specialized technology and equipment, robotics and engineering materials, hydroponics systems, software, competition fees, guest industry experts, consultants, internships, and other innovative learning experiences that connect classroom learning to real-world careers.

This investment ensures Cypress students are not simply preparing for the future—they are helping create it.

SAMPLE PROJECT 04

Athletics Enhancement

Building Champions On and Off the Field

Investment Goal: \$35,000

STUDENT IMPACT

1200+ student-athletes will benefit from upgraded training equipment, improved facilities, and enhanced sports medicine resources — building discipline, teamwork, and resilience.

COMMUNITY IMPACT

Community sports events, youth clinics, district championships hosted on campus, and a pipeline of scholar-athletes earning college scholarships.

"Athletics teaches our students that greatness is earned through dedication and teamwork."

FUNDING LEVELS

Presenting Sponsor (Field Naming Rights) — \$35,000

Athletics Enhancement

Building Champions On and Off the Field

What Your Investment Covers

Athletics at Cypress High School teaches far more than competition. Every practice, game, and team experience develops leadership, perseverance, resilience, collaboration, and character while connecting students to a positive school community.

Our vision is to continue building one of Southern California's premier athletic programs by enhancing facilities, expanding opportunities, and providing student-athletes with resources that support excellence both on and off the field. These improvements benefit every athlete while creating exceptional experiences for students, families, and our community.

Funding may include permanent audio/visual improvements, stadium enhancements such as a crows nest or ticket booth, specialized athletic equipment, sports medicine resources, coaching clinics, professional development, student recognition programs, competition and travel support, facility improvements, and other projects that elevate the student-athlete experience.

Every investment helps build champions—not only in competition, but in life.

SAMPLE PROJECT 05

VAPA Programs Fund

Where Imagination Becomes Art

Investment Goal: \$45,000

STUDENT IMPACT

1,300+ students annually will access industry-standard visual and performing arts studios, creative technologies, and showcase spaces — transforming artistic passion into professional-quality portfolios, performances, and lifelong creative skills.

COMMUNITY IMPACT

Student exhibitions, performances, public art projects, and partnerships with local artists and community organizations — showcasing student talent, enriching our community, and creating authentic pathways to college, careers, and lifelong creative expression.

"I found my passion here. Now I'm creating my future."

FUNDING LEVELS

SAMPLE PROJECT 05

VAPA Programs Fund

Where Imagination Becomes Art

What Your Investment Covers

At Cypress High School, we believe the arts inspire confidence, creativity, innovation, and connection. Through visual arts, theater, dance, music, digital media, and performance, students discover their voices while developing the communication, collaboration, and creative thinking skills that prepare them for success in every profession.

Our Visual and Performing Arts Program Fund will create an inspiring environment where students can perform, create, exhibit, rehearse, and showcase their talents using professional-quality spaces and equipment. Every performance, exhibition, and artistic experience becomes an opportunity for students to grow as creators, leaders, and storytellers.

Funding may support theater lighting and sound systems, stage improvements, performance equipment, costumes, props, storage solutions, art displays, gallery spaces, murals, studio equipment, classroom supplies, facility enhancements, competitions, travel and other projects that expand opportunities for artistic expression.

This investment helps transform imagination into opportunity and creativity into lifelong success.

Career Technical Education

Real Skills. Real Careers. Real Futures.

Investment Goal: \$50,000

STUDENT IMPACT

1000+ students annually will access industry-certified training in Child Development, Design, Visual & Media Arts, Energy & Power Technology, Entrepreneurship & Self Employment, Food Service & Hospitality, Law & Justice, Managerial & Production Arts, and Patient Care — graduating with credentials that lead directly to high-wage careers.

COMMUNITY IMPACT

Industry partnerships, student internships, community health fairs, projects for local nonprofits, and a workforce pipeline that strengthens the local economy.

**"CTE gave me a career before I even graduated.
Now I'm earning while my peers are still searching."**

Career Technical Education

Real Skills. Real Careers. Real Futures.

What Your Investment Covers

Cypress High School is committed to preparing students for careers that exist today—and those that have yet to be imagined. Our Career Technical Education pathways combine rigorous academics with authentic workplace experiences, allowing students to graduate with practical skills, industry certifications, and a clear vision for their future.

Students gain hands-on experience through real projects, competitions, internships, business partnerships, and career-connected learning that prepares them for college, technical training, military service, and immediate employment. These opportunities allow students to explore their passions while developing the confidence and experience employers value.

Funding may support specialized equipment, industry certifications, professional software, competition fees, business licenses, medical and engineering equipment, culinary resources, media production technology, broadcast and podcast studios, photography equipment, field experiences, internships, guest professionals, consultants, student project grants, and other career-connected learning opportunities across our pathways.

Together, we are building the next generation of innovators, entrepreneurs, healthcare professionals, educators, engineers, and community leaders.

SAMPLE PROJECT 07

Teacher / Classroom Grants

Empowering Great Teachers. Inspiring Extraordinary Learning.

Investment Goal: \$10,000

STUDENT IMPACT

2,700 students annually will benefit from innovative classroom projects, hands-on learning experiences, specialized equipment, guest experts, and creative teaching strategies that bring learning to life.

COMMUNITY IMPACT

Teacher innovation grants, community partnerships, classroom transformation projects, and authentic learning experiences that prepare students to become engaged citizens, problem-solvers, and future leaders.

**"When my teacher believed in a new idea,
we all got to believe in ourselves.."**

FUNDING LEVELS

Presenting Sponsor (Innovation Grant Program) — \$10,000

Learning Sponsor — \$1,000 | Friend of Innovation — Any Amount

Veni • Vidi • Vici

Teacher / Classroom Grants

Empowering Great Teachers. Inspiring Extraordinary Learning.

What Your Investments Covers

The most powerful innovation in any school begins with a great teacher. Every year, Cypress educators develop creative ideas that could transform learning, but many require resources beyond traditional classroom budgets.

The Teacher Innovation Grant Program empowers educators to design engaging, hands-on learning experiences that spark curiosity, deepen understanding, and inspire students to think beyond the textbook. Whether through specialized technology, laboratory materials, creative projects, guest experts, or immersive learning experiences, these grants allow great ideas to become reality.

Funding will support classroom innovation grants that provide teachers with resources for specialized equipment, technology, project-based learning materials, creative classroom transformations, instructional supplies, guest speakers, field experiences, and other opportunities that enrich teaching and learning across every subject area.

When we invest in teachers, every student benefits.

Veni • Vidi • Vici

SAMPLE PROJECT 08

Student Enrichment Fund

Expanding Horizons. Creating Life-Changing Experiences.

Investment Goal: \$10,000

STUDENT IMPACT

2,700 students annually will have greater access to educational travel, competitions, leadership experiences, guest speakers, cultural events, career exploration, and enrichment opportunities beyond the classroom.

COMMUNITY IMPACT

Community partnerships, student leadership initiatives, service-learning projects, educational experiences, and stronger connections between Cypress High School and the world beyond our campus.

"One experience changed how I saw my future."

FUNDING LEVELS

Presenting Sponsor (Enrichment Program) — \$10,000

Opportunity Sponsor — \$1,000 | Friend of Student Success — Any Amount

Veni • Vidi • Vici

Student Enrichment Fund

Expanding Horizons. Creating Life-Changing Experiences.

What Your Investment Covers

Some of the most powerful learning experiences happen beyond the walls of a traditional classroom. Educational travel, competitions, leadership conferences, performances, service-learning, and cultural experiences help students discover new possibilities while building confidence, curiosity, and lifelong memories.

The Student Enrichment Program removes financial barriers so that every Cypress student has the opportunity to participate in experiences that broaden perspectives, strengthen leadership, and connect classroom learning to the real world.

Funding may support educational field trips, academic competitions, leadership development, cultural experiences, guest speakers, student conferences, service-learning projects, career exploration activities, transportation, program fees, after-school activities and programs, and other enrichment opportunities that expand experiences beyond the school day.

Every student deserves the opportunity to dream bigger because of an experience they never expected.

Veni • Vidi • Vici

SAMPLE PROJECT 09

Centurion Scholarship Fund

Opening Doors. Investing in Tomorrow's Leaders.

Investment Goal: \$10,000

STUDENT IMPACT

Graduating seniors will receive scholarships that reduce financial barriers, recognize achievement, and empower students to pursue college, career training, military service, and other post-secondary opportunities with confidence.

COMMUNITY IMPACT

Scholarships celebrate student achievement, strengthen our workforce pipeline, encourage higher education, and demonstrate our community's commitment to investing in the next generation of leaders.

**"This scholarship didn't just help pay for college—
it reminded me someone believed in my future."**

FUNDING LEVELS

Presenting Sponsor (Scholarship Endowment) — \$10,000

Legacy Sponsor — \$5,000 | Centurion Sponsor — \$2,500

Scholar Sponsor — \$1,000 | Friend of Scholarships — Any Amount

Veni • Vidi • Vici

Centurion Scholarship Fund

Opening Doors. Investing in Tomorrow's Leaders.

What Your Investment Covers

Every Cypress graduate has a unique journey ahead. Whether attending a university, community college, trade school, apprenticeship, military service, or entering the workforce, financial support can open doors that might otherwise remain closed.

The Centurion Scholarship Fund celebrates perseverance, leadership, service, academic achievement, artistic excellence, career readiness, and personal growth by investing directly in students as they begin the next chapter of their lives.

Funding provides scholarships recognizing student achievement, reducing financial barriers, and supporting post-secondary education and career opportunities. Community sponsors have the opportunity to honor student success while creating a lasting legacy that will benefit generations of Centurions.

Every scholarship is more than financial assistance—it is a message to a student that their dreams matter, their hard work is recognized, and their future is worth investing in.
