## **Role: Dental Clinician**

Are you looking for a change of role?  
Are you looking for an employer who values you and offers career progression?

**Dental Recruiting. are actively recruiting for our valued partner**

Role: Dental Clinician  
Hiring urgently: roles available now!  
Salary: £85,000 per annum increasing after probation  
Full Time  
Location: Bristol BS16

Our partner is currently expanding rapidly, and are seeking experienced Dental Clinicians to join their growing teams in Bristol and Luton; working around full jaw prosthodontics – mastering biomechanics, implant positions and prosthetic design. Full training is provided.

Ideal Skills include medical imaging, IT, CAD and Anatomy Knowledge

Requirements are a Bachelor's Degree, Indemnity Cover and GDC registration

We're looking for candidates with the drive to learn and develop with the right clinical judgement. If you're ambitious and motivated then you could be the right fit for us. Surgery is just one part of the full journey. It's the preparation, the MDT (multi-disciplinary team) meetings, the collaborative planning of complex cases, and reducing them to simple, predictable treatment plans that matter most.

- Training is based at our Birchwood clinic, near Liverpool and Manchester.
- Salary: Very Competitive with potential to earn more as you progress through our rigorous, mentored training program. Starting at £85,000.00 increase will be based on performance after mentored training program
- Full-time role: We work on a rota system, ensuring fairness for all clinicians.
- Requirements: GDC registration, indemnity cover, and the flexibility to travel occasionally nationwide.

Join our partner and be part of a growing team that is revolutionising full jaw rehabilitation.

Send your CV to [contact@dentalrecruiting.co.uk](mailto:contact@dentalrecruiting.co.uk) or call us on 01768 254 472 to discuss.  
**The roles are available for immediate interview and hire!**
