We have started a couple foals from his first crop and they are doing extremely well. They are quick learners and have loads of potential!

He is a son of Freighttrain B who has a SI of 115 and was the 2020 3rd leading sire of money earned - \$4M in 2020 - and sire of the 2020 All American Futurity winner and Whistle Stop Cafe. He is out of PYC Paint Your Wagon (SI 107) by Corona Cartel (SI 97) and Dianetogetcha by Mr Eye Opener (SI 106). His dam is by Jess Louisiana Blue (SI 109) 2020's #3 Sire of Winners by Mr Jess Perry (SI 113) and Atightasset by First Down Dash (SI 105). In 2022 Freighttrain B is the #7 leading sire in AQHA racing sires of money earned, Corona Cartel is #20 and Jess Louisiana Blue is #22. Freighttrain B stands for \$8,500 and Jess Louisiana Blue stands for \$5,000.

While the speed in his lineage is well documented it is his conformation, substance and disposition that won us over. He should be a truly standout outcross to the fine mares in our part of the country and will fit very well with mares that are either cow and or speed bred. We have been truly impressed with how he has handled and with the foals he has sired for us this year, their substance, conformation and disposition have been a true pleasure. You will not be disappointed by checking out what he has to offer you.

“Pendleton” is a beautiful 15.2 hand sorrel with a long flaxen mane and tail, and his three white stockings add

to his chromed up appearance. He shows the athletic ability and calm mindset that was expected from his breeding.

His sire PC Leatherwood “Woody” is very well known in the rodeo and ranch community. He qualified in both the SD State 4H Rodeo Finals and the SD State High School Rodeo Finals in barrels and poles; the NBHA World Finals in both the youth and open divisions; is a money earner in barrels and breakaway in the NIRA Great Plains Region, SDRA and NRCA; stood Grand Champion in the Bold Heart Stallion Halter Classic in consecutive years; is a multiple saddle winner in barrels and all-around; and won the Youth Breeder and Open Maturity Class in barrel racing at the Bold Heart. His sire PC Fire N Smoak is a Sire of a 5-State Breeders Barrel Futurity Champion and his dam PC Lace N Leather was a

Dakota Classic Cutting Futurity Champion. He now also has numerous offspring following in those footsteps.

Sun Frost was also recognized in 2022 for his versatility, skill, and grit by being inducted into the American Quarter Horse – Hall Of Fame!

Pendleton’s dam went straight to our mare pen and has foaled some successful horses of her own. FA Firesteel Dude “Firesteel” is a full older brother to Pendleton and runs consistently in the 1D Division in barrels and is also a pole bending money earner.

Pendleton’s sire and dam are both grandget of the great Sun Frost, with progeny earnings over \$7M, and he carries all the desirable attributes of this lineage.

This young stallion carries the pedigree that will lead you to success but also has the disposition that will make them a pleasure to be around. He is a smooth mover, correct conformation, and good minded which will make for consistent and dependable performers in whatever discipline you pursue.

“Patron” is a son of FA Rockstar that we unexpectedly lost at an early age. Rockstar was a son of Eddie Stinson bred with a ROM granddaughter of Streakin Six. Before his death, he had produced some very competitive horses for us. He carried a powerful pedigree with Eddie Stinson (SI 111) by Dash Ta Fame (SI 113). Eddie Stinson progeny are very successful in the futurity races and he himself had LTE over \$200,000 and was the 2021 #4 leading sire of barrel and speed event money earners. Dash Ta Fame does not need an introduction as his legacy is monumental. Patron’s dam is an own daughter of millionaire sire Frenchmans Fabulous who is a 7/8 brother to Bozo and Dinero and is the #1 siring son of Frenchmans Guy.

When Rockstar passed, he had already sired a son (Patron) who we had intended to compete on. But with our purchase of a few new fillies to breed, we needed a young stud to cover them. The decision was made to start Patron’s training and decide if he should be kept a stallion. When we asked the trainer how he did, two thumbs up and big smile sealed the fate of Patron who then became our junior stallion.

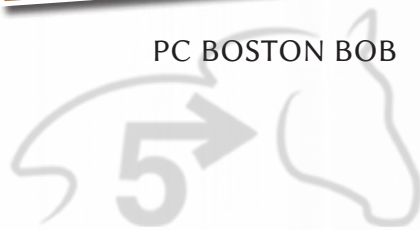

Patron is a mirror image of both Rockstar and Eddie Stinson and has an impeccable disposition to go along with his good looks. We think that you will truly appreciate what he can offer to you and the following offspring is his first crop of foals from first-time mares. Patron is 5 panel double negative.

His Docs Oak Sugar and Sunfrost pedigree, along with his mind, disposition and athleticism, has his progeny succeeding in arenas at every level and at ranches across the country. We bred Woody to a recently

acquired and first time mare "Streaker" who is a daughter of NCHA money earner Peptoos, by the great \$28 million sire Peptoboonsmal and out of a daughter of A Streak of Fling who has progeny earnings of \$10 million. Breakin Da Bank

We purchased Breakin Da Bank from the 2021 Webb Ranch sale. Our intention was to campaign this genetic gem who has a great personality and tons of character! In late October 2021 Breakin Da Bank is was seriously injured, with a life threatening injury and spent the next six weeks under the care of Colorado State University's Equine Surgery team. We are grateful they were able to save him, and that he is breeder sound. We are thrilled he is breeding mares, and excited about his progeny. Unfortunately Breaking Da Bank was laid to rest as he was reinjured and couldn't be saved this time around. We have two foals in this years sale and will have two younger foals that will be offered next year as yearling prospects.

He is a stout made, bigger boned beautiful gray stallion with an incredible set of manners. Breakin Da Bank received his injury the night before we were going to turn him out with his mares. Sundance got the nod and was turned out with all the mares for the 2024 breeding season. Sundance is sired by the KVN Corona a AAA 95 Speed Index horse with winnings on 10 races of \$868,077. KVN Corona is in the top ten for leading sires producing over 1,600,000 in progeny earnings. We are excited to see this stallions progeny excel in their future careers.

KVN Corona Sire to Streakin Executive

We at Broken Heart Ranch would like to thank all our past customers for their support and updates on the horses that have been purchased from us. It is exciting to hear the accomplishments from your families as you grow up riding horses with the white Broken Heart on the left hip.

As we move on to next year we are excited about our first crop of foals from Breakin Da Bank and Streaking Executive. We feel that these two stallions will offer agility and speed to compliment our mares and should provide some exciting foals for our future.

Thank you everyone for your support.
