

# NOVEMBER 2025 CAPITAL LEVY

## What are the Projects?

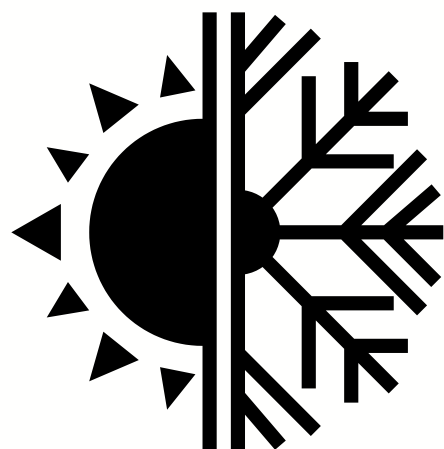

### District-wide Safety, Security, and Technology Improvements

Safety, security, and technology improvements will replace outdated cameras, automated locks, intercom and communication systems, emergency response systems, technology infrastructure and hardware at all schools, as well as address outdoor and indoor safety needs.

### District-wide Heating, Ventilation, and Cooling (HVAC) System Improvements

HVAC improvements will replace building control systems, boilers, pumps, piping, valves, actuators, sensors, coils, variable frequency drives, belts, and bearings at all schools. While the Riverside staff has maintained the equipment well for many years, most of these systems are 30+ years old and need substantial improvements to last the next 30 years.

## DID YOU KNOW?

We reduced our original bond request from \$73 million to \$18 million and our term from 25 years to 5 years. We will only focus on the most urgent needs: safety, security, technology, and HVAC improvements at all schools.

## CALL TO ACTION

Please be informed and get out and vote. We invite you to visit or talk with us. Please call or text Ken Russell, superintendent, at (509) 370-1717 or email us at [capitallevy@rsdmail.org](mailto:capitallevy@rsdmail.org).
