The Massillon Richemond Foundation Education is closely monitoring the ongoing unrest in Haiti, which significantly disturbed the proper functioning of schools. The primary mission of a state is to guarantee the safety of its population and create an environment conducive to learning. We sincerely hope for a prompt resolution of the situation. Our mission to educate the vulnerable kids in rural Haiti remains our priority. We take this occasion to encourage you to join us in this noble cause. Kindly consider donating to support our education program. Visit the Massillon Richemond Foundation website and commit to empowering a child through your contribution. Your generosity is greatly appreciated. Thanks in advance for your support.

The Massillon Team of communication.
