

CAPTAIN HYPERSCALER

MONTHLY NEWSLETTER

Welcome to the Captain Hyperscaler™ monthly newsletter. Your source for information to help you Skill Up Like a Super Hero™.

WELCOME

Captain Hyperscaler™ is here to solve your business needs for cybersecurity, cloud security, and cloud transformation. Our certification and custom training sagas will build a highly skilled team and increase employee retention. Companies that invest in training and support certifications for their teams have higher retention and happier employees. Captain Hyperscaler™ and the CyberVengers can take them from their origin story to an epic saga conclusion.

SPRING SPECIAL - CLOUD CISM TRAINING

Captain Hyperscaler is offering a special price on an ISACA CISM exam preparation and our custom Cloud Security Origin story workshop.

Training includes - 1-day hands-on Cloud Security Origin story workshop. ISACA CISM training includes the student guide, Q&A, and exam voucher. All students will receive a completion badge and certificate. 5-full-day course to be offered 22-29 April 2024. 10-half-day course to be offered 13-31 May 2024. Sign up here: <https://bit.ly/CHS-SAGA-MINI-CISM-VILT>

DEVELOP YOUR TRAINING SAGA

Skill Up Like a Super Hero™ origin stories and hero sagas are here! We have 17 pre-built sagas to accelerate your learning experience and gain valuable certifications in cybersecurity and cloud transformation. Start with our origin stories and build up to an epic and heroic conclusion. Contact us for more information.

... More to Come!

UPCOMING EVENTS - MARCH

- Global Azure 2024 - 18-20 April 2024. Captain Hyperscaler is hosting virtual sessions for this event through <https://globalazure.net>. Captain Hyperscaler is a proud sponsor of the event.
- Upcoming episodes of the Skill Up Like a Super Hero™ podcast. Subscribe here: <https://smartlink.ausha.co/skill-up-like-a-super-hero>
- Episode 14: Dwayne is joined by Bojan Magusic of Microsoft. Bojan is the author of Azure Security from Manning Publishing. We discuss the process of authoring a book and what you want to think about if you want to create and publish a book.
- Episode 15: Microsoft MVP Michael Durkan and Dwayne Natwick discuss the deep and wide Microsoft connected ecosystem and how you can go about understanding the impact on your learning. We also discuss the resources and options for learning more about Microsoft through online resources and user groups to expand your knowledge.
- Episode 16: Dwayne is joined by May Brooks-Kempler. May is an extremely active board member, speaker, author, and community contributor to cybersecurity and risk awareness. She is an experienced cybersecurity professional, having held roles as a CISO, Security Architect, and Penetration Tester. May and Dwayne discuss a number of topics that culminate with the importance of cybersecurity awareness for everyone.
- Azure Back to School 2024 Call for Speakers is open: <https://sessionize.com/azure-back-to-school-2024>. Captain Hyperscaler will be sponsoring this year's event.
