EC-Council appoints Captain Hyperscaler as the Accredited Training Center to train and upskill cyber enthusiasts

Captain Hyperscaler to offer EC-Council courses as an official accredited training center.

DETROIT, February 14, 2024 – EC-Council inventor of the Certified Ethical Hacker Certification (CEH) and Captain Hyperscaler, a distinguished provider of cloud and cybersecurity training solutions announce their strategic partnership. Effective February 1st, 2014, Captain Hyperscaler has become an EC-Council Accredited Training Partner. This collaboration marks a significant milestone in empowering cybersecurity professionals worldwide.

This alliance will see EC-Council's comprehensive training and certification catalog seamlessly integrated into Captain Hyperscaler's offerings, further expanding the accessibility of top-tier cybersecurity education. From foundational Security Awareness and Phishing Simulation training to advanced certifications such as CEH, CND, CHFI, and CCISO, EC-Council and Captain Hyperscaler will ensure tailored solutions to address the evolving needs of the cybersecurity landscape.

"At EC-Council, our commitment to excellence drives us to continually innovate and evolve, ensuring that our cyber heroes remain one step ahead. Our brand represents more than just training; it's a symbol of trust, reliability, and support for every cybersecurity professional striving to make a difference in our digital world. We are committed to providing cutting-edge training solutions that equip individuals with the skills and knowledge they need to navigate the ever-changing cyber landscape," said Jay Bavis, President & CEO, EC-Council Group.

With this collaboration, EC-Council and Captain Hyperscaler aim to equip cybersecurity professionals with the knowledge and skills needed to navigate today's complex cyber threats with confidence and proficiency. In addition to accreditation, Captain Hyperscaler will serve as an Affiliate Partner of EC-Council for online content, further expanding access to valuable resources for cybersecurity professionals.

"In line with EC-Council's vision, we aim to empower cybersecurity professionals to unlock their heroic potential. We are dedicated to furnishing them with the requisite knowledge and skills essential for navigating the intricate realms of cybersecurity with confidence and mastery. Teaming up with EC-Council is more than just a strategic alignment; it represents a seamless fusion of our shared mission to guide cloud and cybersecurity professionals towards excellence," said Dwayne Natwick, CEO of Captain Hyperscaler,

Together, EC-Council and Captain Hyperscaler are poised to reshape the cybersecurity training landscape, setting new standards of excellence and innovation.
