### **Captain Hyperscaler Announces Official Status as GSDC Authorized Training Partner**

*Captain Hyperscaler to offer GSDC courses as an official authorized training partner.*

**DETROIT** – Captain Hyperscaler proudly announces their status as a Global Skill Development Council (GSDC) authorized training partner. Captain Hyperscaler joins the prestigious list of authorized GSDC training partners.

“Adding GSDC’s certifications to the Captain Hyperscaler portfolio was important to round out our Skill Up Like a Super Hero™ training sagas,” CEO Dwayne Natwick said. “We’re excited to immediately bring their Generative AI courses and certifications to our customers.”

The Global Skill Development Council (GSDC) is an independent, vendor-neutral, international credentialing and certification organization for emerging technologies like Blockchain, Six Sigma, DevOps, Cloud, AI-ML, ISO, Agile, and L&D professionals. Captain Hyperscaler will be offering these courses to enable business for emerging technology with an initial focus on delivering high quality training for Generative AI Prompt Engineering and Generative AI Cybersecurity, Risk and Compliance. Regardless of the saga you choose to pave, Captain Hyperscaler’s training professionals are committed to providing a personalized experience to help you Skill Up Like a Super Hero™.

“Captain Hyperscaler and GSDC share a common goal to enable businesses with what they need to grow and adapt to the ever-changing technical landscape,” Dwayne Natwick said. “Our trainers are proud members of the IT community who seek to help fellow IT heroes reach their full potential.”

“Together, we aim to equip businesses with the knowledge, skills, and resources to navigate the digital landscape, ensuring their success and competitiveness,” said Setolu Veswuh, Regional Manager at GSDC. “We are looking forward to working closely with Dwayne Natwick, CEO of this esteemed organization. Embark on this exciting journey with us, leveraging our collective strengths to unlock new

horizons of success, and build a skilled workforce capable of tackling complex Cloud and Security challenges.”

Stay tuned for more updates on this remarkable collaboration, redefining the future of Cloud and Security education for businesses worldwide.
