

CAPTAIN HYPERSCALER

MONTHLY NEWSLETTER

Welcome to the Captain Hyperscaler™ monthly newsletter. Your source for information to help you Skill Up Like a Super Hero™.

WELCOME

Captain Hyperscaler™ is here to solve your business needs for cloud and cybersecurity. Our certification and custom training sagas will build a highly skilled team and increase employee retention. Companies that invest in training and support certifications for their teams have higher retention and happier employees. Captain Hyperscaler™ can take them from their origin story to an epic saga conclusion.

UPCOMING DEALS

Captain Hyperscaler™ is offering a free 1-2 day origin story course with the purchase of any phase 1 or 2, or complete saga scheduled for at least 25 employees. This offer includes any our Cloud Security Origins, DevSecOps Origins, CompTIA Essentials, or Microsoft Fundamentals origin stories. Phase 1 or 2, and Sagas are offered from ISACA, EC-Council, CompTIA, or Microsoft.

NEW COURSES

Skill Up Like a Super Hero™ with our catalog of ISACA, EC-Council, CompTIA, Microsoft and custom courses. Sharpen your skills and build your origin story within cloud and cybersecurity, cloud infrastructure and administration, and AI engineering and generative AI use.

UPCOMING EVENTS - FEBRUARY

WHERE
IT
LEADERS
CONNECT

- Episode 1: Sucheta Gawade to discuss how being strategic with your IT certifications can boost your marketability and growth in tech.
- Episode 2: Sammy Cheung discusses the various paths that you can take in cloud certifications.
- Episode 3: Jonah Andersson discusses her path to becoming an accomplished developer, author, trainer, and mentor within the industry.
- Episode 4: Dan Rey will discuss the various career paths that you can take that are supported by Microsoft certifications.
- Episode 5: Dan Gora will discuss the benefits of getting involved in industry organizations to network and boost your career. Dan will share his own experience from being involved with OWASP and how it has increased his opportunities in Application Security.

INDUSTRY UPDATES

Microsoft has announced the availability of Copilot Pro. Copilot Pro is a new subscription for OpenAI access for Word, Excel, PowerPoint, Outlook, and OneNote on Microsoft 365 apps on Personal and Family plans. This brings Copilot GPTs to more creators, researchers, and programmers than ever before.

LATEST NEWS

Captain Hyperscaler's Skill Up Like a Super Hero™ podcast premiered in January 2024. Join us every week for new discussions with community leaders. We discuss paths to certifications, professional development, and how to get involved with industry organizations. Available on all the popular podcast services.
