IMPORTANT HOW DO I GET NUMBERS:

I run your release through a series of ads on MySpace, Facebook, Instagram, Google, Yahoo & Bing similar to the eLeavers ads platform but 3x more powerful. The ads will stop once the guaranteed view/play count has been reached. Please be advised that I run all the ads at the same time. I use a special algorithm to send out the release when there is the most significant online traffic. This is the same method the labels use to sky rocket their artists release IE: Tekashi 6ix9ine.

If there is a service that *isn't listed* here you can always email me with the subject line "*Please list*" and the type of service you are looking for, I create custom campaigns and add new promotions to our weekly mailers often.
