**Need help with your taxes this tax season and BEYOND? I Can Help with your personal & business bookkeeping needs.**

**Although some companies still rely on internal bookkeepers to keep their books and records, a large number of businesses have turned to a more cost effective solution to manage their bookkeeping through outsourcing.**

Feel confident your books are set up correctly. A bookkeeper can play a crucial role in preparing accurate financial records, organizing tax-related documents, and ensuring a smooth tax filing process, both before and during tax season.

### How a bookkeeper can help before and during tax season:

A bookkeeper plays a crucial role in preparing and organizing financial information before and during tax season. Here are some ways a bookkeeper can assist:

- **Catch-Up Bookkeeping:** Bookkeepers can help businesses with overdue bookkeeping cleanup needs by completing pending work and restoring essential records.
- **Bank and Credit Card Reconciliation:** Bookkeepers can reconcile accounts and improve financial accuracy by comparing internal records with bank and card statements.
- **Accounting Error Correction:** Bookkeepers can fix accounting mistakes and support accounting error correction and general ledger cleanup.
- **Software Clean-Up:** Bookkeepers can clean up accounting software to ensure proper maintenance and alignment of financial reports with actual data.
