REMINDER:

A golden rule for bookkeeping: Every business transaction—and no personal transactions—should only flow through your business bank and credit card accounts.

What are three common bookkeeping mistakes?

Three common bookkeeping mistakes are failing to track reimbursable expenses, neglecting to reconcile bank accounts, and failing to collect or deduct the appropriate sales tax.

Did You Know?

Hiring a bookkeeper can lead to a 16% increase in company profits on average, as they efficiently manage bookwork, giving you more time to focus on other areas of your business.

Bookkeeping is the only English word that has three sets of letters back-to-back.
