

Barrus Bookkeeping & Services Monthly Digest

October 2024

Let's do it together.

Food for thought-

Do you really need a bookkeeper or accountant if you use Quickbooks?

YES!! Here's a couple reasons why it's important. They can...

- Catch mistakes.
- Offer guidance and suggestions.
- Explain how things work “behind-the-scenes”.
- Help with or do taxes.
- Avoid audits by using proper procedures.
- Eliminate stress and worry for you.

REMINDER: My deep dive session into the 3 main business financial statements is coming up. Changes are happening, so stay tuned.

And...The 3rd quarter just ended so get your receipts in.

Did you know?

HR requires change to keep up with Gen Z? Here's a few changes.

- They require more flexibility & work-to-life balance.
- They need inclusion & diversity in the work environment.
- They implement and use new technology.
- They need opportunities for employee development and advancement.
- They expect transparency and Ethics from management

PLEASE REMEMBER!

Support your local library!

When was the last time you visited the library to use some of their resources?
