Game Overview:

In the wake of the King's untimely demise, a power vacuum has left the kingdom in turmoil. As the only extended family members of the fallen King, each of you harbors ambitions for the throne. But before you can claim the crown, you'll need to muster an army from the misfits and occasional heroes of the badlands. Prepare for an epic battle where strategy, cunning, and a bit of luck will determine the new ruler of the realm.

Key Features:

- **Unique Battle Mechanic:** Experience the thrill of simultaneous dice throwing in the battle arena. Every throw counts as players clash in real-time combat.
- **Drafting & Role-Playing:** Strategically recruit your army through drafting and role-playing, assembling a formidable force from the kingdom's outcasts and heroes.
- **Epic Showdown:** Fight against your rivals until only one player remains. The King's General, commanding the royal army, awaits the final challenger for a climactic battle.
- **Immersive Theme:** Dive into a richly detailed world of medieval intrigue, where every player gets a chance to role-play as the leader of their own party, and as the game master!

Why You'll Love It:

- **Fast-Paced Gameplay:** The unique battle mechanic keeps everyone engaged and on their toes.
- **Strategic Depth:** Drafting and role-playing elements add layers of strategy and replayability.
- **Beautiful Artwork:** High-quality illustrations bring the characters and world to life.
- **Perfect for Game Nights:** With high player interaction and an exciting endgame showdown, it's perfect for bringing friends and family together.
