50cc Beginner	65cc Beginner	85cc Beginner	School Boy
50cc (4-6)	65cc (6-8)	85cc (8-11)	(16 and under 112-250cc)
50cc (7-9)	65cc (9-11)	85cc (12-15)	

All the same CC classes will be running together with one gate drop or start being scored by class. You cannot enter a class younger than your age as of January 1, 2024, you can enter an older age bracket if you are turning that age during the season. If you are racing in a beginner class, that is the only class you can race in; if you are racing in an age class, you can also race in the appropriate open class. You may only race in beginner class for one season before moving up to age-appropriate class. Moto is a 2-moto event with placing for overall; in the event of a tie, the rider with better placement in the 2nd moto is the winner. Worx and Enduro will be timed events plus a lap. You do not have to race in the same class all year but if you change classes, you cannot take the points you've earned to that class. This is an 8-series race and the championship is determined based on points earned throughout the season. The series consists of a mix of Moto, Worx, and Enduro. Each rider will drop 2 races from their final score.
