OVERSIZE / BREAK BULK

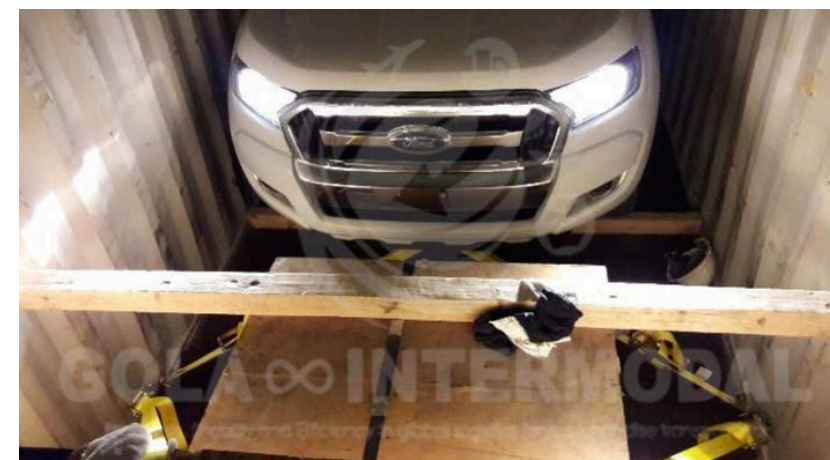

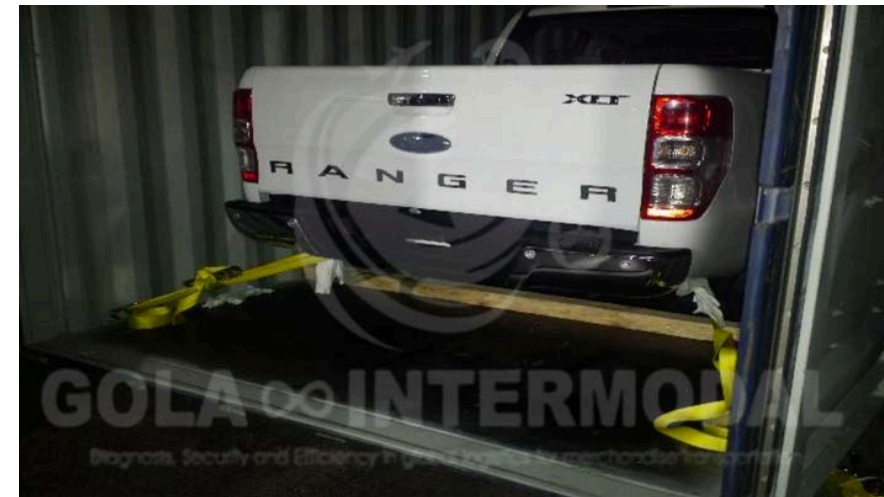

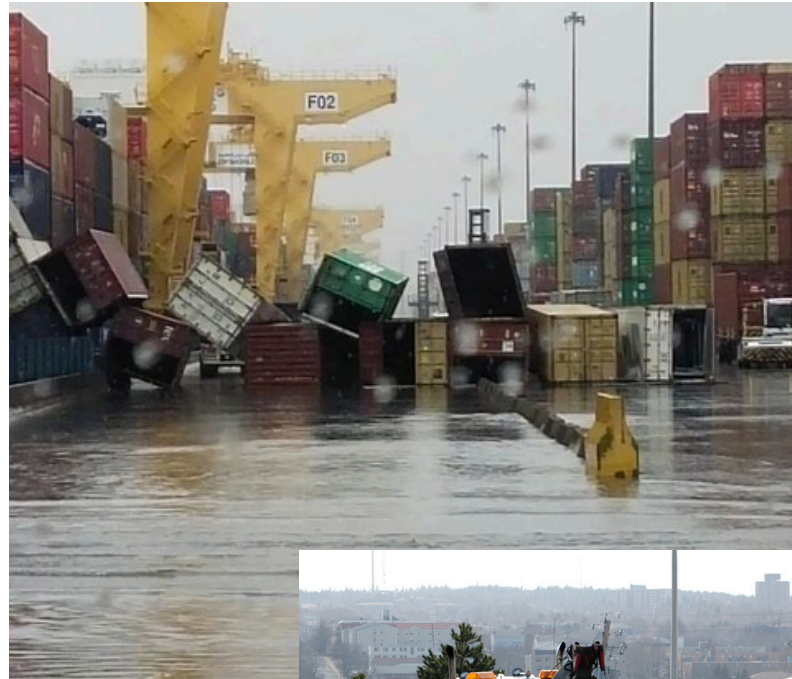

- 1. Experience and expertise:** We are familiar with the complexity of customs regulations, which facilitates the import and export process.
- 2. Policy compliance:** Ensuring that shipments comply with all regulations and legal requirements, avoiding possible penalties or delays.
- 3. Efficiency in customs brokerage:** Expedite customs procedures by managing the necessary documentation and coordinating the release of cargo quickly and efficiently.
- 4. Cost reduction:** Optimization of customs processes, which can result in savings in terms of time and money.
- 5. Customs and international trade consulting:** Expert advice on specific customs issues.
- 6. We provide you with the Sectoral Register:**
 - Cigars
 - Textile
 - Alcohol,
 - Beer
 - Footwear
 - Steel
 - denatured alcohol
 - Tequila

As well as a **Trading Company** at your service for your imports to **Mexico**.

- **Financial protection:** Covering costs in case of damage, theft or loss during transport, avoiding economic losses.
- **Legal compliance:** In many places it is mandatory to have an insurance in the transportation of goods, avoiding legal sanctions.
- **Security and Comfort:** Provides tranquility knowing that the cargo is protected, allowing you to focus on other areas of the business.
- **Business reputation:** Shows commitment to product safety, which can improve the perception of your business with customers.
- **Flexibility and coverage options:** Full **door-to-door** coverage.

Cargo insurance is a **smart way** to protect assets, comply with regulations, maintain confidence and preserve business reputation.
