Executive Session Notes Trustee/Chairman Swapan Rahman

Supplemental Assessment Payment: All unit owners are responsible for their own financial arrangements to pay for the assessment. The payment date has been changed from March 16 to April 1 so owners

will receive one invoice from Thayer that includes HOA fees, other fees and Supplemental Assessment amount based on options selected by the unit owner.

The options were:

- Option A: Pay the Full Amount in a single lump sum on **APRIL 1, 2026**
- Option B: Pay in Monthly Installments over 18 months (No interest/fees) **starting on APRIL 1, 2026 to SEPTEMBER 1, 2027**
- Option C: Pay in Three Scheduled Installments over 18 months (No interest/fees) **1st payment on APRIL 1, 2026; 2nd Payment on JANUARY 1, 2027, and 3rd payment on SEPTEMBER 1, 2027**
- **Reserve Study: The Board selected Criterium for the reserve study. The Reserve Study is crucial to fund long term capital projects on a planned basis and reduce unplanned expenses. The report will be available by the end of March 2026.**

Balcony: The design and pre-construction activities started in December and will continue until May/June of 2026. The design engineering firm is WJE, and the preconstruction contractor is The Haynes Group. The Design-Build approach will repair/replace the 205 balconies. The selection was based on guidance from the Engineering Advisory Team.

- **The cost for the pre-construction phase is \$520,329** and is payable in installments starting in December 2025 and ending in June 2026.
- **Pre-construction phase includes the following activities:** Initial Investigation and Stabilization; Schematic Design Phase; Design Development Design Phase; Construction Document Phase; Constructibility and logistics analysis; Value engineering that preserves design intent; Scheduling and phasing strategy & development plans; Trade contractor engagement and bid packaging; Permitting and agency coordination
- **Pre-construction** activities require access to certain open balconies to review, analyze the extent of corrosion on the exposed metals and cantilevers attached to the building. This will provide design data for repair/replacement of the balconies.

WJE and The Haynes Group evaluated sample balconies to determine the extent of corrosion. Based on their evaluation, all balconies have

various degrees of corrosion that must be addressed. However, temporary shoring is not required at this time. No Access to the balcony will remain in effect until repair/restoration is completed.

Capital Projects and Funding: A special assessment of \$20million is needed to address

- 205 balcony repairs
- 20 roof replacements
- Windows & doors replacement (quantity to be determined);
- Leak repairs - Units, Garages
- P2 garage shoring
- P1 garage granite sealing
- P1 & P2 garage floor sealing
- Interior/exterior refurbish,
- HVAC replacement and
- Other critical infrastructure upgrades.

Maintenance Updates:

- **P2 Garage Fire repair** - partial repair completed. Remaining repair requires Insurance Company to authorize. Expected to receive authorization in March 2026
- **Granite Caulking-(E) building-pricing for crack tiles near the (E) building garage** - Waiting for quote from Commercial Masonry. Work to be conducted in April/May 2026
- **Conservation Labs-Water sensor - Dashboard on water usage** - Conservation Labs developed dashboard on water usage. Further detailed analysis is needed to identify sources of significant water usage. - Alex completed the sensor drawing for the (W) building, working on the (E) building; Expected to complete in Mar 2026.
- **P2 Garage Permanent Shoring**- Architectural drawing completed The work will be sent for bidding in Q2, 2026.
- **Fountain light replacement** - Maintenance has closed down fountains for the season, Repair scheduled for next year. (Spring) - **On hold until Spring 2026**
- **West Fountain Leak** - Alex has caulked the leaking for the winter months, will be reevaluated in the Spring 2026

- **Signage for not trespassing** - Installed in all recommended areas except the rear sign - **On hold**-may need to pass this area with boom lift for repair of the twenty-six units.
- **City of Quincy Inspection: Stair & elevator pressurization** - APEX identified vent dampers that require repair. Also vent motors are required to be checked and will require shutting off fire alarms. Alex is looking into options if the vent motors can be checked without shutting down the fire alarm. Regardless, the goal is to complete the test by March 2026.
- **Doors & Windows Inventory Quantity on Hand** - New windows and doors will be ordered in Q1, 2026.
- **Leaks in P1(E) Garage** - many localized water spots were detected in East building P1 garage; Further investigation is required.
- **P1 Garage Sprinklers Replacement** - To be replaced in Q1/Q2, 2026
- **Heating System - Expansion Tank (East & West Building):** The tanks are 40 years old and are building up pressure. If the tank fails it will disrupt heating in the building. Maintenance is getting quotes to replace the extension tank. - two (2) proposals received, calling additional vendors for a third quote.
- **Boiler Room (East & West)** - floor coating is needed. Waiting for quotes
- **P1 Garage Floor** - coating requires, Waiting for quotes.
- **Fire pump shut off valve replacement (West)** - Waiting for quotes; To be repaired in April. 2026
- **MB Access Projects** -
 - Repainting of crosswalks and stop white lines -Vendor will be contacted in the April/May 2026 to schedule.
 - Evaluate road surfaces for possible crack ceiling or resurfacing- T&K will take a look in the Spring and submit a proposal for crack ceiling or possible resurfacing.
 - D'Allessandro Corp.-The board received a proposal to install a new 12" gate valve on the MB Access. (Seaport Drive- To be done in March 2026)
