DEO-3™

Deodorant Concentrate

A fruit scented, water-based industrial deodorant concentrate. A solution of selected perfumes, odor neutralizers and emulsifiers.

FEATURES/BENEFITS:

Concentrated	May be diluted up to 100 times with water for economical, yet effective, odor control.
Low toxicity	Will not cause fish kills, damage vegetation or pose a serious hazard to humans, fowl, wildlife or livestock at use dilutions.
Non-polluting	Contains no formaldehyde, cresols or other harmful or irritating chemicals. Contains no hydrocarbon or other solvents. Contains only biodegradable emulsifiers.
Pleasantly scented	Neutralizes obnoxious odors and replaces them with a pleasant 'fruity' fragrance.
USDA authorized	Compounds for use in inedible processing, non-processing, or exterior areas of federally inspected meat and poultry processing plants.

APPLICATIONS

In sewers, sewage lines, sewage disposal plants, tanneries, food processing plants, landfills, rendering plants or wherever strong, persistent mal-odors are a problem. use as a space spray or add directly to odor source.
