# SUPER PENETRANT™

*Penetrant, Light Duty Lubricant and Moisture Displacer*

Super Penetrant is an excellent penetrant, light duty lubricant, moisture displacer and corrosion inhibitor.

## FEATURES/BENEFITS:

Penetrates	Quickly penetrates corroded, rusted, and frozen parts such as pipe fittings, nuts / bolts, valves, locks, zippers and tools.
Contains No Chlorinated Solvents	Formulated without chlorinated solvents, allowing use in areas where these solvents are prohibited.
Meets Federal Specifications	Complies with Federal Specifications VVP216B "Penetrating Oil for Loosening Frozen Metallic Parts".
Displaces Moisture	Spraying of spark plugs, ignition wiring, breaker points, and inside of distributor caps, displaces moisture for easy starting.
Lubricates	Provides light duty lubrication to treated surfaces. No Silicone.
Cleans	Solvents provide light duty cleaning to treated surfaces.
Improves Efficiency	Application to components before assembly speeds the job and helps prevent future problems.
Stops Squeaks	Quickly penetrates hinges, rollers, bearings, and guides to stop squeaks and promote smooth operation.

## APPLICATIONS:

Super Penetrant is a great for use in many industries such as: Airports, Factories, Schools, Body Shops, Marinas, Plumbing Companies.

## SPECIFICATIONS:

Physical Form	Aerosol (liquid)
Color	Clear
