WHITE SLIDE FOOD GRADE GREASE

White Grease for Food Processing Plants

White Slide is a premium grade, aluminum complex grease for use in food processing facilities where incidental food contact may occur.

FEATURES/BENEFITS:

Meets USDA H-1 criteria	Approved for use in food processing facilities where incidental food contact can occur
Excellent Rust Protection	Protects equipment from rust caused by moisture in the environment
Lubricates	Provides lubrication for a wide variety of moving parts on food plant equipment
High Temperature Range	Works effectively from 0°F to 350°F
Good Adhesion/Cohesion Properties	White Slide continually lubricates with little to no breakdown of the product

APPLICATIONS:

Lubricates, seals, and protects machinery, sanitary seals, pump parts, trolleys, casters and all other parts of food handling, processing and packaging equipment where there is the possibility of contact with food products. Particularly useful in:

- Bakeries
- Dairy Farms
- Poultry Dressing Plants
- Fish & Seafood Preparation
- Meat Packing Plants
- Beverage Plants
- Food Preparation
- Poultry & Egg Farms

SPECIFICATIONS:

NLGI Consistency Number	2
Thickener	Aluminum Complex
Texture	Smooth, Tacky
Color, Observed	White to Off-White
Worked 60 Penetration, D-217	265-285
Dropping Point, D-566, °F. (°C.)	500 Min.
Water Washout, D-1264, % loss	<3.0
Water Spray Resistance, D-4049, % loss	<10
Rust Prevention, D-1743, rating	Pass
Temperature Range	0°F to 350°F
Timken OK Load, D-2509, lb.	50
Four-Ball EP Weld Point, D-2596, kgf	400
Viscosity @ 40°C., cSt	458.8

PACKAGING:

14 oz cartridge
Case of 10
Case of 50
