01

PIVOT

- ☐ Something in my life feels like it's shifting, even if I can't name it yet
- ☐ I keep sensing that the season I'm in is ending
- ☐ I feel unsettled more than I let on

ADJUST

- ☐ I know things are changing but I don't know how to move forward
- ☐ I'm trying to hold it together while everything underneath feels different
- ☐ I'm making decisions from a place of survival, not clarity

CLARITY

- ☐ I have moments where I can see myself again
- ☐ I'm starting to ask what I actually want, not just what's expected of me
- ☐ I want language for what I'm going through

PEACE

- ☐ I'm learning to trust the process, even without all the answers
- ☐ I want to feel settled in who I'm becoming
- ☐ I'm ready to stop white-knuckling my way through this
