

Ladies of Leisure Garden House Adopt-A-Room 2024

This year Eden Centers has embarked on an ambitious project to redesign their long-term residential housing. Women For Women, Inc. in conjunction with Ladies of Leisure, is seeking partners to adopt a room to purchase all or some of the furniture items that were chosen with the residents' comfort in mind. Since Eden Centers' opening in 2011, they have provided safe, long-term housing for 83 women. There are warm designs for the 4 bedrooms and 2 family rooms in the Garden House.

Our goal is to raise the \$14,000 needed for Eden Centers Garden House Renovations.

Company Name: _____
