

Reservation & Payment Plan Policy

Effective: 3/3/2026

Welcome! This policy outlines our reservation and payment procedures in a clear, fair, and stress-free way.

Our goals:

- Reward early commitment.
- Support responsible planning.
- Ensure every Fur baby transitions safely to its forever home.
- Keep placement fair and transparent.

Standard Placement Guidelines

- Go-home age: Puppies – 8 weeks | Kittens – 10 weeks.
- No puppy or kitten leaves before their standard go-home age.
- Full payment required before go-home unless using a pre-approved payment plan.
- Reservation fees and payments are **non-refundable** but may be applied toward future litters at *Boyle's Creekside* discretion.
- Pre-litter reservations give priority, but specific waitlist placement is confirmed only once payments are received and litter size allows.
- We cannot guarantee when or if your preferred sex or coloring will be available.
- Pricing varies based on coloring, sex, pedigree, registration rights, and market demand.

Your Reservation Journey

Our reservation and payment plans are laid out into six separate "Journey Paths." Choose the path that fits your family's planning style. Each Journey Path includes placement priority, helpful updates, and sometimes a little bonus courtesy credit. Please see our Journey Paths below

1. 🌀 The “All In” Journey – Full Pre-Litter Commitment - Top Pick Priority, + 10% Courtesy Credit

You are ready from the start. Full pre-litter payment secures your pick and instant waitlist placement. You will get all the updates, photos, and personal messages as your future companion grows.

- Enjoy a 10% courtesy credit off the total purchase price for early commitment, get immediate waitlist placement, get a top pick priority, get personal updates direct to your inbox and 24/7 Breeder access.

2. ✨ The “Early Start” Journey – Half Pre-Litter Commitment - High Pick Priority, + 8% Courtesy Credit

What it feels like: You are ready early, but like a flexible planner, you pay partially and finish later. You still get priority and waitlist updates, just a little behind the “All In” families.

How it works:

- Pay a minimum **50% non-refundable** reservation fee before birth, pay the remainder at pickup.
- Enjoy an 8% courtesy credit off the total purchase price for early commitment, get immediate waitlist placement, get high pick priority right after “All In” families, and personal updates direct to your inbox.

6. ☹️ The “After Arrival” Journey – After the Litter - Optional Premium

What it feels like: You have fallen in love with a fur baby from this litter but are not ready for the full monetary impact. While generally discouraged, we offer an option for this situation.

How it works:

- Pay a minimum **50% non-refundable** reservation fee by Go-home date, pay the remainder in installments based on your chosen term.
- Pay a financing Premium based on your chosen term:
 - 3 months: +10%
 - 6 months: +15%
 - 12 months: +25%
- Pay **80%** by go-home date → premium drops to **5%**.
- Premium applies only when full payment is not completed by standard go-home date.

Bonus: Extended stay - you will receive an additional 2 weeks on your Go-home date to reach your 50% Go-home minimum. Extended stay is optional and available only for approved post-birth plans.

📅 Waitlist Overview

Your priority order is friendly and fair:

“All In” → “Early Start” → “Planner’s Path” → “Steady Saver” → “Classic Waitlist” → “After Arrival.”

Pick order within each journey depends on reservations fee placement date and anticipated paid in full date. “All In” and “Early Start” Reservation waitlist spots will be limited to two per litter. “Planner’s Path” and “Steady Saver” spots will be placed on waitlist once fully paid by go-home date is confirmed in coincidence with a litter. Total waitlist spots per litter will be limited to seven, based on previous litter averages. Reservations after seven will be placed on a new waitlist for the next litter, keeping their original placement date. Litters average one about every eight months or so.
