November 2026 Board Message

To Our Residents:

Summer has come to an end, and we are once again resuming our monthly *Topics* newsletter and Board Meetings. If you attended the most recent Board Meeting, much of the information in this letter will be familiar to you.

Several changes to Arizona law will require updates to our current rules and procedures. Recent changes require HOAs to allow shade structures, even though our current CC&Rs do not permit them. We have adopted rules allowing shade structures, subject to specific requirements regarding setbacks, height, commercially made, and color. While most lots in Pueblo Estates may not have enough space to accommodate these structures, some properties may qualify. If you are considering installing a shade structure, please submit an Architectural Application for approval before purchasing or installing one. This will help prevent unnecessary expenses if the proposed structure does not meet the requirements and needs to be removed.

Another significant change involves how Board Meetings are conducted. The goal is to make the decision-making process as open and transparent as possible. Moving forward, we plan to hold an Executive Board Meeting early each month, usually during the first week. The meeting will begin with a closed session to address confidential matters. Following that session, the meeting will be open to residents who wish to attend and listen. Residents will generally not participate or comment during this portion of the meeting.

The agenda for the Executive Board Meeting will be emailed to residents and posted at least 48 hours in advance. Decisions will generally not be made at this meeting unless an emergency situation requires action. The agenda for the regular Board Meeting will also be emailed and posted at least 48 hours before the meeting. Residents will have an opportunity to provide input before the Board makes decisions.

Additional changes to Arizona law affect flag displays, property transfers, and foreclosure procedures. We will be updating our rules and procedures as necessary to comply with these changes.

The Board has decided to extend our current trash collection contract for another five years. We received a bid from another hauler, but the proposed price was higher than our current contract. After considering the available options and current market conditions, the Board determined that extending the existing contract was the best choice for our community.

Also there has been discussion in the community about speed bumps. There are no plans at this time to install speed bumps anywhere in the community. We are always gathering information and options to consider to address problems in our community but again, there are no current plans for any speed bumps.

The coming months will be busy, with many activities and projects planned for our community. I hope you will consider volunteering to help with the patio sale, Christmas decorating, community meals, events, and other activities. These events are a wonderful way to bring our residents together, and they depend on the help of volunteers.

Our Board elections are also just around the corner. Have you considered running for a Board position or volunteering to serve on the Nominating Committee?

Please get involved, share your ideas, and help make Pueblo Estates an even better place to live!

Mark Rolfes
PEHOA President

PUEBLO ESTATES HOMEOWNER'S ASSOCIATION, INC.
145 West Aliso Drive, Green Valley, AZ 85614
HOA BOARD OF DIRECTORS & HOMEOWNER'S MEETING MINUTES
Thursday, October 15, 2026

The meeting was called to order at 9:00 am by President Mark Rolfes. Board Members present: Mark Rolfes, George Krilles, Don Berghauser, Sue Johnson, Doug Gasparick, Marie Chavez, Karen Halasz, and Sheila Dubbink; Absent: Bob Robinson. The minutes from the May 21, 2026 meeting were approved.

1. Items Discussed: M. Rolfes – All attendees were welcomed to the first meeting of the season.

2. D. Berghauser – Financial Report – Our current financial year is April 1 – March 31. As of January 1, 2027, we will be changing to a calendar year for financial reporting. The financials thru September 30, 2026 are posted on the bulletin board across from the kitchen. A CD was rolled over on October 1 with a new interest rate of 4.8%.

3. M. Rolfes – Legislative and Law Changes

   The Board approved a motion authorizing Mark Rolfes as the person designated to put together the agenda for all meetings.

   Shade Structures – Our current CC&R's ban shade structures (Section 4.B). Per the new AZ law HB 2342, an Association may not prohibit the backyard installation or use of a shade structure. Residents will still have to abide by side and backyard set-backs. The Board approved a motion to revise the CC&R's to allow shade structures.

   SB 1290 Open Meetings – The state has changed how Executive and HOA meetings must be conducted. Executive Board meetings will usually be held the first week of the month at 9:00 am. The first part of the meeting will be closed to the public – this is where the Board will discuss confidential matters that concern legal, personnel, or conformance issues. The open part of this meeting will be where the Board will discuss any other issues pertaining to the Community. The public may attend this meeting and listen; however, no comments are allowed. Agendas for both Executive and HOA Board meetings will be posted at least 48 hours in advance of the meeting via email, our website, and the bulletin boards in the Clubhouse. All decisions will be made at the monthly HOA Board meetings that are held on the 3rd Thursday of the month.

   It has been tentatively talked about possibly changing the time of the monthly meeting to possibly Thursday evenings. A question regarding meeting times will be placed on the ballot to get a consensus from the community of their preference.

4. M. Chavez – Summer Work – The RV Lot had a new cement pad installed. Some new cameras and lights were installed, new key card readers were installed and new conduit electric wire was installed to replace the older wire that had been chewed through by the animals. Also new outlets for the sheds were installed.

   Kitchen – A new sink and a hand-washing sink were installed. There is no longer a garbage disposal, but there is a mesh basket below the sink that needs to be cleaned. New exhaust fans were also put in.

   Pool & Hot Tub – A new chlorinator pump and plumbing were installed. There are new chemical levels that are regulated by the State that have been implemented. The electrical to the pool and other areas will be streamlined and conduit electrical wires will be replaced.

Electrical East Gate – The wiring to the gate has been chewed. Conduit lines will be put in. They will also streamline circuits and update electrical wiring to conduit. Some stop signs were replaced and all are now at regulation height.

The Maintenance Dept. was very good about keeping the weeds down throughout the summer and were very impressive in the number of projects that were completed.

5. M. Rolfes – Remaining Projects – Electrical work to be done in various areas as well as possibly some more work to the kitchen. Additional replacement fencing at the RV Lot possible depending on bid costs.

6. M. Rolfes – Garbage Contract – Our 5-year contract with Republic is up for renewal. We received a second bid from Waste Connections of Arizona (who currently holds the contract for Sahuarita). Their bid came in 10% higher than our current contract. The Board approved a motion to renew our current contract with Republic.

7. M. Rolfes – Speed Bumps – The Board has not discussed installing speed bumps. George Krillies contacted the County to see if they had money for speed bumps on La Canoa. At this time, they indicated that it was not in their budget. Only La Canoa is county-owned. At this time, no answers are available as to how to address speeding issues.

8. M. Rolfes – Volunteers are needed for the upcoming Board Election, the Nominating Committee, and Long-Range Capital Project Committee. Anyone can run for a Board position. Mark explained that there is time as well as specific areas that each Board member is responsible for. Anyone interested can stop by the office.

9. Board of Directors Report

M. Chavez – Kitchen – There will be a training session and/or Marie is available to train anyone about how the new sinks work. Any event that uses the kitchen needs to clean up afterwards. Any food that is left behind can be used by someone else for another event. Many thanks to V. Scola who deep-cleaned the kitchen over the summer.

S. Johnson – Communications – The Topics is published on the last Wednesday of the month. All articles/flyers need to be given to the office prior to the 20th of the month. There will be no BINGO until November 18 due to license renewal and the patio sale. Oktoberfest is almost sold out – so get your money in soon!

D. Berghauser – RV Lot – Re-mentioned the recent improvements which included the cement pad, new card reader, and gate fix. Also replacing some of the fencing as well as possibly removing the Oleanders by the fence. There are still spaces available if you have an RV that you want to store.

D. Gasparick – Architecture – Please fill out an Architecture Form for any work that is going to be done on the outside of your home. This includes painting, even if you are using the same colors. He will always call you prior to meeting with you to discuss the work being done.

M. Rolfes – Legal – Board training was done with attorney regarding the new AZ laws. Legal conformance issues ongoing.

S. Dubbink – Clubs – The Men's and Women's Clubs have started up again this month. A Welcome Meeting was held for new residents and 13 people were at the meeting. The Ceramics Club is getting ready for their Bake/Ceramics Sale on November 14 and there will be a Craft Bazaar on November 21.

G. Krilles – Conformance – Please keep your properties free of weeds. If a neighbor needs help, help them out if at all possible. There are complaint forms available in the office. Fines are issued when requests to maintain a property are ignored.

K. Halasz – Landscape – A Texas Ranger bush was vandalized last spring on the side of the Clubhouse. Gary Harper was able to cut it back and it is now growing again. She is hesitant to replant due to the vandalism. The plants/trees are expensive. She has received a brochure from the State that provides info on plants that grow well in Southern Arizona and that are drought resistant. If residents have any suggestions on what they would like to have planted, please drop your suggestions off at the office.

Our watering system needs to be setup. A new water meter and backflow meter need to be installed. The current meter does not meet current water standards. This will cost a few thousand dollars. The trees that were removed were diseased and in bad shape. Some of the trees will be replaced. Most of the plantings were done in the mid-70's.

Residents made comments on the HOA meeting changes, shade structures, speed bumps, garbage contracts, and miscellaneous items.

The meeting was adjourned at 11:10 am.

Respectfully submitted,

Kathy Vialonga
Office Assistant

TWO GREAT READS FOR NOV. 2026

RIDING LIKE THE WIND
IRIS JAMAHL DUNKLE
NOV. 5, 2 PM, P.E. LIBRARY

In 1939, when John Steinbeck's The Grapes of Wrath was published, it became an instant bestseller and a prevailing narrative in the nation's collective imagination of the era. But it also stopped the publication of another important novel, silencing a gifted writer who was more intimately connected to the true experiences of Dust Bowl migrants. In Riding Like the Wind, renowned biographer Iris Jamahl Dunkle revives the groundbreaking voice of Sanora Babb.

Dunkle follows Babb from her impoverished childhood in eastern Colorado to California. There, she befriended the era's literati, including Ray Bradbury and Ralph Ellison; entered into an illegal marriage; and was blacklisted by the House Un-American Activities Committee. It was Babb's field notes and oral histories of migrant farmworkers that Steinbeck relied on to write his novel. But this is not merely a saga of literary usurping; on her own merits, Babb's impact was profound. Her life and work feature heavily in Ken Burns's award-winning documentary The Dust Bowl.

THE MEASURE
NIKKI ERLICK
NOV. 19, 2 PM, P.E. LIBRARY

Eight ordinary people. One extraordinary choice. It seems like any other day. You wake up, drink a cup of coffee, and head out.

But today, when you open your front door, waiting for you is a small wooden box. The contents of this mysterious box tells you the exact number of years you will live.

From suburban doorsteps to desert tents, every person on every continent receives the same box. In an instant, the world is thrust into a collective frenzy. Where did these boxes come from? What do they mean? Is there truth to what they promise?

As society comes together and pulls apart, everyone faces the same shocking choice: Do they wish to know how long they'll live? And, if so, what will they do with that knowledge? This compelling book club fiction explores that very question.

The Measure charts the dawn of this new world through an unforgettable cast of characters whose decisions and fates interweave with one another: best friends whose dreams are forever entwined, pen pals finding refuge in the unknown, a couple who thought they didn't have to rush, a doctor who cannot save himself, and a politician whose box becomes the powder keg that ultimately changes everything.
