October 2026 Board Message

To Our Residents:

Another summer has gone by, and it's time to start thinking about all of our fall activities!

I want to thank everyone who helped organize and take care of the activities and gatherings throughout the summer. Your time and effort are very much appreciated.

With the arrival of fall, our activities will greatly increase, and I hope everyone will have an opportunity to participate in many of them. There is a lot to look forward to in the coming months!

I also hope you will attend our next Board meeting. This will be a great opportunity to get updates on what has happened over the summer and to hear about what we have coming up this fall. We are not very far away from the Patio Sale, Oktoberfest, Christmas decorating, and many other activities.

It's also not too early to start thinking about the upcoming Board elections, which will take place shortly after the beginning of the new year. If you have an interest in running for a Board position or would be willing to serve on the Nominating Committee, please consider volunteering.

Mark Rolfes
PEHOA President

RESIDENT ANNOUNCEMENTS

BINGO VOLUNTEERS NEEDED!

BINGO is looking for a few volunteers. We are in need of people to help sell tickets and for callbacks. BINGO is held 2x a month on Wednesday evenings. A training session will be held on **Monday, October 19, 2026 at 2:00 pm in the Clubhouse**. Please consider volunteering your time.

BILL NESSETH – CELEBRATION OF LIFE

A Celebration of Life will be held for Bill Nesseth, a long-time resident of Pueblo Estates, on **Friday, October 16, at 6:30 pm** during our monthly Root Beer Floats event. Root Beer Floats was Bill's favorite event here at Pueblo Estates, making it a fitting time for everyone to come together and remember him.

Everyone is welcome to join us in celebrating Bill's life and sharing memories. His family is sponsoring this month's event, so no donations will be accepted.

HOA PAYMENT REMINDER

Please be sure to include your **Lot # on all HOA payments**. This includes bill-pay checks issued directly by your bank.

We have started sending letters to residents whose payments do not indicate their Lot #. When setting up a bill payment through your bank, there is an **"Account Number"** or reference area where you can enter information for the payment. Please enter your Lot # in this area to ensure your payment is applied to the correct account.

Thank you for helping us keep our payment records accurate and up to date.

PROPERTY MAINTENANCE REMINDER

Due to all the recent monsoon rains, the weeds are growing quickly throughout the community. Please take the time to maintain your property by removing weeds and trimming bushes and trees. Keeping your property neat and well-maintained helps keep Pueblo Estates looking its best.

There are various weed-control sprays available, and there are also many local landscapers who can provide weed removal and trimming services for a fee.

Thank you for helping keep our community clean and beautiful!

RESIDENT ANNOUNCEMENTS

We have received several complaints recently about residents feeding the wildlife here in Pueblo Estates. Please be aware that it is illegal to feed the wildlife in Pima County. If you see someone feeding wildlife, you have the right to report it to Arizona Game & Fish Department. Their contact information is provided at the bottom of this flyer.

It is Essential that People do not Feed Wildlife

Feeding wildlife is not in the best interest of wildlife as it often leads to property damage and/or safety issues for people and pets living in the area. The majority of wildlife attacks in Arizona are the result of fed wildlife becoming habituated to humans.

Feeding, attracting, or enticing wildlife (except birds and tree squirrels) is illegal in Pima, Pinal and Maricopa counties. Violations can result in up to a \$300 fine. Several other cities and counties in Arizona also have restrictions on feeding wildlife with varying penalties. Check your local city or county ordinances for more information.

WHAT IS THE LAW?

Unlawful Feeding of Wildlife, ARS §13-2927

A. A person commits unlawful feeding of wildlife by intentionally, knowingly or recklessly feeding, attracting or otherwise enticing wildlife into an area, except for:

1. Persons lawfully taking or holding wildlife pursuant to title 17 or pursuant to rules or orders of the Arizona game and fish commission.
2. Public employees or authorized agents acting within the scope of their authority for public safety or for wildlife management purposes.
3. Normal agricultural or livestock operational practices.
4. Tree squirrels or birds.

B. This section applies in a county with a population of more than two hundred eighty thousand persons.

C. Unlawful feeding of wildlife is a petty offense.

Store all garbage securely. Do not discard edible garbage where javelina, bears, coyotes and other wildlife can get to it. Garbage cans should be put out on the morning of collection and secured as soon as possible to avoid animal scavenging.

Feed pets indoors or remove leftover food immediately.

Fence your garden or yard to provide a physical barrier to exclude wildlife. Poultry wire laid horizontally and buried just below the soil surface can prevent some wildlife from digging.

Securely close all openings to spaces under buildings and mobile homes. This is most critical in the spring when wildlife like foxes and skunks are looking for den sites.

Don't let your pets roam free. They may end up a meal for coyotes, hawks, owls, bobcats and other predators, or come into conflict with javelina and skunks. Keep your pets on a leash whenever they are out of the yard, and always supervise small pets when outdoors.

Trim shrubs up from the ground so they don't create hiding places for wildlife.

Plant native vegetation instead of tempting non-native ornamentals. Contact your nearest Arizona Game and Fish Department offices for a list of javelina-resistant plants.

Discourage wildlife presence. You can often do wildlife a favor by going out of your way to make them uncomfortable. If wildlife maintain their natural fear of people, they are less likely to become a nuisance and more likely to live a longer life. Make wildlife feel uncomfortable by making loud noises, throwing rocks, etc.

Ask your neighbors to follow these steps (and share this information with them). Wildlife that are attracted to one home often visit adjoining lots. Neighbors working together are most effective.

Contact Arizona Game and Fish if feeding activity in your neighborhood is causing wildlife to become bold. Call the 24/7 Operation Game Thief confidential tip hotline at 1-800-352-0700.

RESIDENT ANNOUNCEMENTS

CHRISTMAS LIGHTS!!!

It's October! That means that we are already planning our Christmas light displays!

Pueblo Estates is known throughout the valley for our lights and we attract visitors throughout the month of December. While lights are not mandatory, it is encouraged if you are able to put some lights on your house, your cactus, or even just on the ground. If you are unable or know that your neighbor needs a hand or isn't back yet, please don't hesitate to ask for help. We have a crew of "elves" and a LOT of lights to help you out!

Give the office a call and get your name on the list. Last year we decorated over 130 homes as well as the common areas, the front entrance, and the clubhouse grounds. We don't charge for our services but we do accept donations of cash, cords, or lights!!

The August '24 edition of the Green Valley News ran an article about the cost to the town of Sahuarita for their lights....over \$70,000!! With our volunteers and donations, we rarely spend over \$500.

Please join us in celebrating the season however you can. Our goal is to have 100% of our homes lit up, but we accept that not everyone will participate. Our concern is that a dark home may appear to be vacant. We use timers on all our installations and low energy LED lights whenever possible.

Again, please don't hesitate to ask. Our elves love to help!

P. E. BOOK CLUB

TWO GREAT READS FOR OCT. 2026

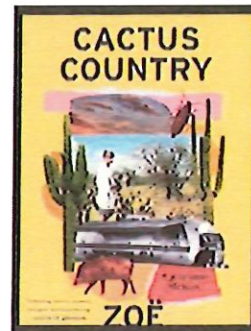

THE LITTLE LIAR

Mitch Albom

OCT. 1, 2 PM, P.E. LIBRARY

Eleven-year-old Nico Krispis has never told a lie. When the Nazis invade his home in Salonika, Greece, the trustworthy boy is discovered by a German officer, who offers him a chance to save his family. All Nico has to do is persuade his fellow Jewish residents to board trains heading "north," where new jobs and safety await. Unaware that this is all a cruel ruse, the innocent boy reassures passengers on the station platform every day. But when the final train is loaded, Nico sees his family being herded into a boxcar. Only then does he discover that he has helped send them—and everyone he knows and loves—to their doom at Auschwitz. Nico escapes—but he never tells the truth again. In *The Little Liar*, a gripping family saga, Mitch Albom examines the human repercussions of deception by interweaving the stories of Nico, who yearns for forgiveness; his older brother, Sebastian, who vows revenge against him; Fannie, the girl who must choose between them; and Udo Graf, the Nazi officer who forever changed their lives with his lies. Through the war years, the concentration camps, and the decades that follow, Albom reveals the consequences of each person's honesty and dishonesty in this powerful story of survival, bringing them back to where it all started in a staggering climax worthy of the best of Albom.

CACTUS COUNTRY

Zoe Bossier

OCT. 15, 2 PM, P.E. LIBRARY

Newly arrived in the Sonoran Desert, eleven-year-old Zoë's world is one of giant beetles, thundering javelinas, and gnarled palo verde trees. With the family's move to Cactus Country RV Park, Zoë has been given a fresh start and a new, shorter haircut. Although Zoë doesn't have the words to express it, he experiences life as a trans boy—and in Cactus Country, others begin to see him as a boy, too. Here, Zoë spends hot days chasing shade and freight trains with an ever-rotating pack of sunburned desert kids, and nights fending off his own questions about the body underneath his baggy clothes. As Zoë enters adolescence, he must reckon with the sexism, racism, substance abuse, and violence endemic to the working class Cactus Country men he's grown close to, whose hard masculinity seems as embedded in the desert landscape as the cacti sprouting from parched earth. In response, Zoë adopts an androgynous style and new pronouns, but still cannot escape what it means to live in a gendered body, particularly when a fraught first love destabilizes their sense of self.
