HOW YOU CAN HELP KEEP THE KOSHARE LEGACY ALIVE

2018 marked the 85th Anniversary of the Koshares. 2019 was the 70th Anniversary of the Koshare Kiva. None of this would have been possible without the vision, energy and financial support of J. F. "Buck" Burshears and many others since 1933.

Buck has left us a legacy that still needs nurturing. The great museum and collection the Koshare organization built still needs support and growth. The Scout Troop and Venture Crew need equivalent support. You can help keep this great legacy alive.

There are many ways to help in addition to writing a check. Among the options to provide financial support for long-term funding of the Koshare program through the Koshare Foundation are:

1. Make a donation by cash, check or PayPal.
(Establish a monthly donation or annual contribution.)
2. Donate appreciated securities, such as stocks or bonds
3. Donate Qualified IRA (Individual Retirement Account) Required Minimum Distributions (RMD)
4. Designate the Koshare Foundation as a primary or secondary beneficiary on a life insurance policy
5. Through Planned Giving – Remember the Koshare Foundation in your will

Each option (and there are many others) comes with unique potential tax advantages so be sure to consult with your tax advisor.

Contributions to the Koshare Foundation may be made as a memorial to a recently deceased, in the name of the donor, or anonymously.

To learn more about the opportunities available to provide financial support to continue the Koshare program for future generations, contact Koshare Foundation President, Brock Lowman; or Koshare Foundation Endowment Chair, John Baker using the "[Contact Us](#)", link in the Foundation website. We will reach out to you with specifics on each option.

If you are ready to make a contribution and require specific account details to complete the transaction, contact our fiduciary agent Mark Kennedy of Stifel Nicolaus Financial. (Stifel.com/branch/co/pueblo) at (719) 546-0470.
