Company Bio

Founded in 2017, Orvos is a veteran-owned and operated healthcare services provider specializing in remote retina screening. We began in the pain management space, supporting patients with health coaching and individualized care, and pivoted from that space and grew our business in to nationwide telemedicine services focused on diabetic retinopathy detection and preventative retina care. Today, we diagnose over 75,000 patients monthly, delivering fast, reliable, and accessible services across all 50 states.

Core Competencies

- ★ Remote retina image interpretation and diagnosis
- ★ Telemedicine services for diabetic retinopathy detection
- ★ Correctional Facility Telemedicine Services
- ★ Retina screening technology and camera deployment
- ★ Support for assisted living and correctional facilities
- ★ 24–48 hour diagnostic turnaround times
- ★ Emergent care support for retina conditions

Differentiators

- ✓ Veteran-owned and operated with national coverage
- ✓ Specialized in diabetic retinopathy and preventative retina care
- ✓ Fast, secure, and HIPAA-compliant remote diagnostics
- ✓ On-site imaging services available for non-mobile populations
- ✓ Trusted by healthcare facilities, assisted living centers, and correctional institutions
- ✓ Proven capacity with 75,000+ monthly diagnoses nationwide
