

A stunning keepsake for someone special, even if it is you!

A striking silver oval-shaped pendant, with a smooth, polished surface. At the center, there is a captivating piece of art—a vibrant and intricate design that draws the eye. The pendant has a timeless elegance, with delicate, rounded edges that create a sense of fluidity.

The artwork is chosen by you, from BCarr.art Collections, to align with your taste. The contrast between the rich detail of the art and the sleek, shiny silver adds depth and dimension, making it a truly unique statement piece. This pendant feels like a wearable masterpiece, combining art and luxury in one beautiful accessory.

Each piece is signed by the artist and comes packaged with a 5" x 7" print of the art on watercolor paper. This print is suitable for framing and displays perfectly in an 8" x 10" frame with mat.
