New Process for Newsletter Input!

MNews (Member News) is our LCAL newsletter for you our members, to share information about shows & exhibits in which you may be showing your art, awards you may have received, events that may be of interest to other members, classes you may be taking, and anything else you would like to share. Everyone is encouraged to share and support each other.

Start Using Our New Electronic Form for Your News Submissions!

Instead of sending us your news by email, we have recently developed an electronic form to collect all of your input and articles for MNews. (This form will also be used for input targeted for Sketches.)

- We will no longer accept information sent by email.
- Going forward, please use the form to submit information that you would like to share in our newsletters.

Access to the form:

- [Click here to access.](#)
- A link to the form will be included in the email that we send to you each month asking for your input for MNews.
- Access at the [LCAL website](#). The link is located to the right of the large arrow (see screen shot below).

If you have any questions, concerns, or technical issues with the form, please reach out to me at the email below.

Its mission is to serve as the primary source of information for art events and experiences in Lake County, IL.

It also promotes and communicates the economic benefits of the arts, is a vehicle for resource-sharing and collaboration among arts organizations, and advocates for funding and support.
