

Modern Cost-Neutral Voluntary Employee Benefits for Healthier Workplaces

"Discover a cost-neutral employee benefit solution that helps reduce absenteeism and presenteeism, transforms tax liability into cash flow, and enhances employee satisfaction and productivity — all with no out-of-pocket expense to your business."

Impact on Workplace Productivity

30%

Reduced Absenteeism

Employees with access to practical and credible voluntary benefits miss fewer workdays.

40%

Decreased Presenteeism

Fewer employees working while sick or distracted by health concerns.

3.6x

ROI on Benefits

Companies see returns through increased productivity and retention.

Employers can realize

Annual Savings

Employers can realize significant annual savings, estimated at \$640 per employee per year.

(Example: 300 employees X \$640.00 per employee per year = \$192,000.00)

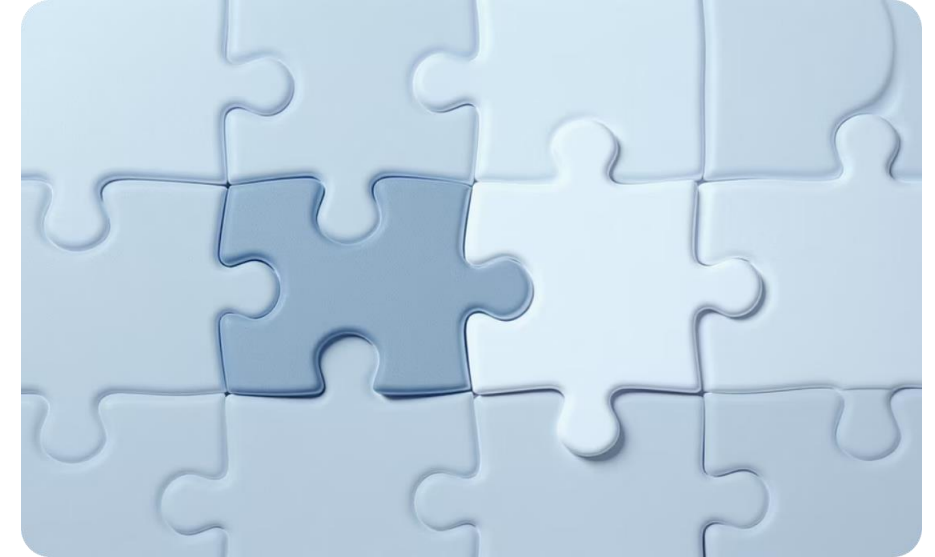

Employee enrollment triggers automatic savings through reduced:

- FICA tax obligations
- Workers' compensation premiums
- Other payroll-related expenses

Zero Out-of-Pocket Cost

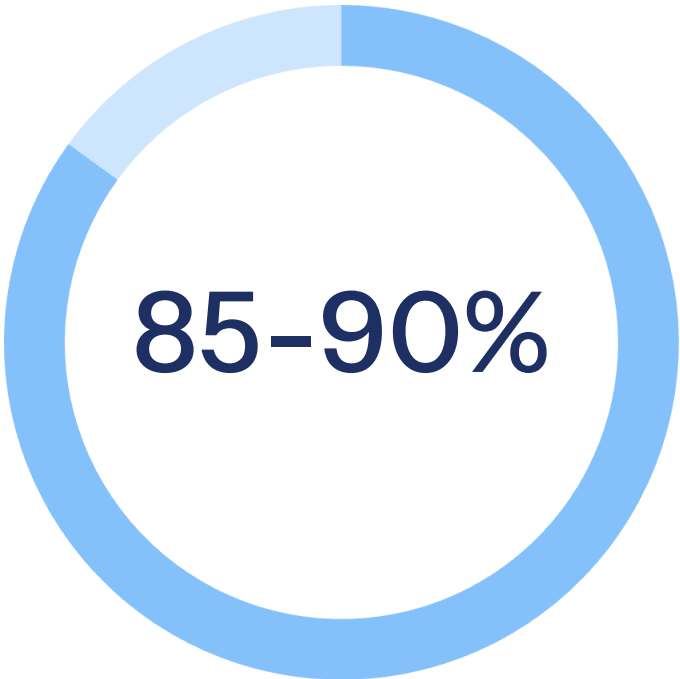

There is no additional out-of-pocket expense for employers to implement these modern benefit programs.

Seamless Compatibility

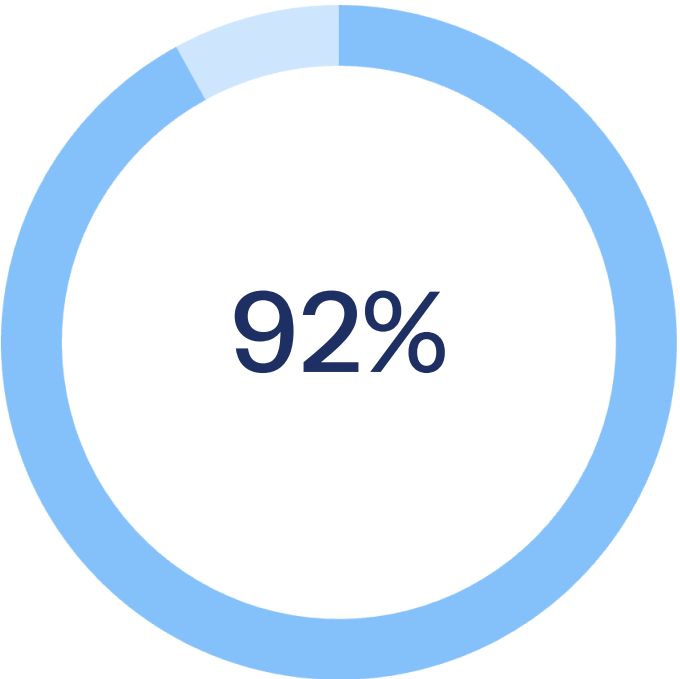

These programs offer 100% compatibility, working perfectly alongside your existing benefits packages.
