BUSINESS PROCESS AUTOMATION 101: THE BASICS

INDUSTRY - Food/Retail
BUSINESS TYPE - Restaurant Chain

THE CHALLENGE - Employee onboarding was very challenging, and very manual. Data had to be manually loaded into the human resources system, and then manually loaded into their payroll system. The process was time consuming and error prone.

THE SOLUTION -

The automation streamlined the gathering of all information related to the hiring process, which saved the team about 20 hours per week.

Automated data entry and transfer to HR and Payroll Systems, enabling electronic storage of data and documentation.

These solutions improved hiring efficiency and employee engagement, resulting in an annual cost savings of $20,000 for the business.
