-We are currently looking to hire a Class 1 Water or Class 1 Wastewater (**both preferred**, but anyone licensed will be considered) operator to join our team of operations. We provide water and wastewater operations all over the state of Ohio and are currently looking for someone in the northeast corner of the state to operate the work load we have there. We operate small and large municipal and commercial water plants, small and large municipal and commercial wastewater plants (mainly extended aeration plants), municipal lift stations, lagoon wastewater systems, and others. The ideal candidate would be proficient in water and wastewater operations (**not just signing books!**)/sampling/reporting/record keeping/mechanical repairs/preventative maintenance/electrical/and so on. If you are interested, please email me your resume at [AlfrenoWaterSolutions@gmail.com](mailto:AlfrenoWaterSolutions@gmail.com) Thank You!
