

Alpine Dairy, LLC
Winesburg, OH 44690

Job Description

Wastewater Treatment Plant Operator

Schedule is M-F 7am – 3:30 pm

Overtime as needed

Weekend and On Call as needed.

Alpine Dairy offers full medical and dental benefits at NO COST to you!

We offer competitive hourly rate, depending on experience and certification level

Job Description

Nature of the Work:

To operate, monitor, maintain and trouble-shoot the industrial wastewater treatment facility and its processes.

Work involves responsibility for the technical aspects of plant operations and compliance with state and federal operating regulations. Work is performed with considerable independence under the direction of the maintenance supervisor and the GM.

You will be responsible for the wastewater facility, including daily cleaning and organizing. This is a first class facility and is expected to be maintained as one.

Training and Experience Required:

Hold a high school diploma and have adequate experience in operating a wastewater treatment facility.

Necessary Special Requirements:

Must possess an Ohio Wastewater Treatment Plant Operator's Class I certification or higher

Physical Requirements:

Have the ability to descend and climb a maximum of 30 rungs to access system pump stations

Have the ability to lift 50 pounds

Job Type: Full-time
