

EMPLOYMENT OPPORTUNITY

PUBLIC WORKS DEPARTMENT / WATER DIVISION Water Plant Laboratory Technician

The City of Oberlin is accepting applications for the position of full time Water Plant Laboratory Technician in the Water Division of the Public Works Department. Duties include:

- Standardize and operate all laboratory equipment and perform laboratory analysis
- Responsible for insuring compliance with regulatory monitoring, sampling, testing, and reporting as required by regulatory agencies.
- Perform operational duties of the plant when needed or as assigned
- Perform preventive and scheduled plant maintenance as assigned

The position may be assigned to stand-by and must respond to call-outs in times of emergency or other times of need.

Minimum requirements: High school diploma or equivalent. At least two (2) years' experience in a laboratory. Some college level courses in Microbiology, Chemistry or Biology desired. Satisfactory completion of seminars, training sessions, and course work related to water laboratories. Or any combination of training and experience that would provide the required knowledge, skills, and abilities to perform this work. Must show mathematical ability, communication skills, planning and organizing skills, knowledge of water treatment process, operations, record keeping, and must be able to function with co-workers as a team. Must have a telephone where one can be reached for call-outs and emergencies.

Starting Hourly Rate: \$27.95 to \$30.19 D.O.Q.
