WASTEWATER TREATMENT PLANT ASSISTANT SUPERINTENDENT

POSITION DESCRIPTION: This position is responsible for assisting the plant Superintendent in ensuring the efficient operation of the Wastewater treatment process and Collection system for the City of Ironton, while providing staff leadership to ensure regulatory compliance. Help direct day-to-day activities, supervise operations of the plant and collections by planning work, directing personnel, and assigning work to be performed coordinating operation and maintenance. Help supervise required laboratory testing, and perform any related work as required.

QUALIFICATIONS: Applicant must possess a valid Ohio EPA Wastewater Class III license. A Class II license may be acceptable with conditions. Advanced knowledge of wastewater operations, maintenance and laboratory analysis is required. Applicant must have aptitude in locating the cause of mechanical systems and equipment defects, basic electrical knowledge, and be able to maintain effective working relationships.

LICENSE REQUIREMENTS: Applicant must possess a valid driver's license. Applicant must possess a current Ohio EPA Wastewater Operator Class III license. (A Class II license may be acceptable with conditions.) Applicant must be eligible to be Operator of Record for the facility.

SALARY: \$55,000 per year plus benefits.

SUBMIT RESUME TO: HR Director, 301 S. 3RD St., Ironton, OH 45638 or email to benefits@iron-ton-ohio.com
