

## Village of East Palestine Water and Wastewater Department

The Village of East Palestine is seeking a fulltime employee to work for the water and wastewater department. The Village of East Palestine maintains an Ohio EPA class I water treatment plant and distribution system along with an Ohio EPA Class III wastewater treatment plant and collection system. Regular work hours are Monday-Friday 7:00-3:00 with exceptions for callouts and weekends.

The Village is searching for individuals with a class II or III wastewater license, but other individuals will be considered.

Employees work under the direction of the water and wastewater superintendent. Responsibilities of the job include but are not limited to:

- Assistance in operation of water and wastewater treatment facilities and collection and distribution systems.
- Building and ground maintenance, mowing, trimming, snow removal on Village property.
- Ohio Driver's license is required and a Class A or B CDL is preferred with tanker endorsement.
- Must be in good physical health with the ability to stand for extended amounts of time and able to perform physical tasks such as lifting heavy objects, walking up and down slopes, ladders and stairs.
- If employee does not have an Ohio EPA license, they will be required to receive one.

Please email **resume and letter of interest** to Water and Wastewater Superintendent Scott Wolfe, at ([S.Wolfe@eastpalestine-oh.gov](mailto:S.Wolfe@eastpalestine-oh.gov)) or, mail to Village of East Palestine PO Box 231 East Palestine, OH 44413.
