

**Job Announcement
Village of Granville
Water/Wastewater Operator I**

The Village of Granville is accepting applications for a full time Water and Wastewater Operator I. This position requires labor and technical ability to assist with the operation of the water and waste water treatment as well as the wastewater collection and water distribution systems. Successful candidate will be responsible for performing both semi-skilled and manual labor in the maintenance of the wastewater and water facilities. Work is predominantly physical in nature.

Essential skills necessary for this position include mechanical aptitude, some computer literacy, basic math skills, willingness to learn new tasks, and the ability to apply knowledge while working alone or with others.

Minimum requirements include valid Ohio driver's license with good driving record. Successful candidate will be required to obtain a Class B CDL with tanker endorsement within 90 days of employment. Must possess a valid Class I Water and Wastewater Operator's Certificate as issued by the State of Ohio or obtain such license within 18 months of employment.

Current rate of pay is \$16.70 to \$25.22 per hour, with actual salary to be dependent upon experience and qualifications. Excellent fringe benefit package. For a complete job description, go to the Village website at www.granville.oh.us

A cover letter and resume should be sent to Matt Robinette, Utility Director, Village of Granville. PO Box 514, Granville, Ohio 43023. Resumes will be accepted until the position is filled. An initial review of resumes will begin on July 15, 2021. Because of the public records law in Ohio, the identity of applicants and application materials cannot be considered as confidential. The Village of Granville is an equal opportunity employer.
