

Maintenance Worker

Job Opening

Requirements:

- Minimum High School Diploma or GED.
- Must have a valid Class B Ohio Commercial Driver's License
- Learn proper technique and application of all pesticides used by the Village, which may include mosquito and weed spraying.
- Must have an OEPA Class 1 Water Supply or Class 1 Wastewater Treatment License.

Essential Job Functions:

- Aid Water/Wastewater Supervisor in repairing, replacing, or tapping any water or sewer line.
- Perform required EPA and other needed tests.
- Perform machine, pump, motor vehicle, building, street, sidewalk, and sign maintenance.
- Maintain all parks, which include but are not limited to trash pickup, mowing, equipment repair, and fence repair.
- Maintain street rights-of-way through leaf pickup and brush pickup.
- Must maintain good communication while working with the public.

The above-stated essential job functions represent most of the tasks performed by the Village Maintenance Worker. This list is not all-inclusive, and any regularly performed task may be added to the list at any time.
