

Ohio EPA's eBusiness Center (eBLZ)

Tips & Tools for eDMR & STREAMS Services

Presented By: Jacob Zink

Ohio EPA Division of Surface Water (DSW)

April 2, 2024

**Environmental
Protection
Agency**

Accounts & Who Needs Them

Accounts are set up for you – Not the Company/Business

EACH person accessing the eBusiness center will need two (2) accounts:

1. **OHID**  ((**NOT** Ohio EPA's website) (Your Personal Account, NOT your companies)
2. **eBusiness Center**
 - Same Email for both accounts (**personal**)
 - First time you log into each they will sync together
 - User names & passwords should not be shared - Not left for the next person in that position
 - If you change jobs your accounts go with you!!!

Accounts & Who Needs Them

The Legal Permit holder for the facility/site will ALSO need to set up their OWN accounts!

- A **PIN** - needed for electronic submissions requiring a signature by an authorized person
 - **PIN = your signature** (belongs to you, NOT to be used by others)
 - YOUR Identity is verified
 - (Outside System - Lexus Nexus – uses your Personal Information)

Where to Find Guides

- Go to Ohio EPA's website:
<https://epa.ohio.gov/home>
- Scroll down to the Divisions section
- Toggle the arrow over to find surface water

The screenshot shows the Ohio EPA website homepage. At the top, there is a navigation bar with the Ohio EPA logo and links for 'Stay Compliant', 'Make a Difference', 'Monitor Pollution', 'Get Funding', 'Find Regulations', 'Help', and a search bar. Below the navigation bar is a 'Request a Speaker' button. The main content area features a large banner for 'H2Ohio' with a photo of water being poured and a 'Learn More' button. Below the banner is the 'Our Divisions' section, which includes a horizontal carousel of buttons for 'Environmental Services', 'Fiscal Administration', 'Legal Services', 'Materials & Waste Management', 'Public Interest Center', and 'Surface Water'. The 'Surface Water' button is highlighted in yellow, and a large blue arrow points to it from the right. Below the 'Our Divisions' section is a 'News' section with a 'VIEW ALL DIVISIONS & OFFICES >' link. At the bottom, there is a 'News' section with a 'All News' button, an 'Events' section with an 'All Events' button, and a featured event for 'Webinar: Water Resource Restoration Sponsor Program - Program Year 2024' on 'APR 19' from 10:00 AM to 11:00 AM. The footer contains the Ohio EPA logo and the text 'Environmental Protection Agency'.

Where to Find Guides

- Select the Permitting tab
- Scroll down to the apps and select the eBusiness Center

The screenshot shows the Ohio EPA website at <https://epa.ohio.gov/divisions-and-offices/surface-water/surface-water>. The header includes the Ohio EPA logo and navigation links: Stay Compliant, Make a Difference, Monitor Pollution, Get Funding, Find Regulations, Help, and Search. A yellow banner below the header contains a warning icon and the text "East Palestine train derailment information — epa.ohio.gov/east-palestine... Learn More". The main content area is titled "Surface Water" and includes a sub-header "Surface Water" with the text "Ensures compliance with the federal Clean Water Act and works to restore and enhance the integrity of Ohio's waters." Below this is a featured article titled "Maumee Watershed Nutrient TMDL Project" with a "Learn More" button. A left sidebar menu lists various categories, with "Permitting" highlighted in yellow. At the bottom, there is a "Featured Content" section with several small image tiles.

This screenshot shows a search filter interface. At the top is a search bar with the placeholder text "Type a Keyword here". Below the search bar is a "Filter by Topic" section with a dropdown menu currently set to "ALL TOPICS x". To the right of the dropdown are two buttons: "FILTER" and "RESET FILTERS".

This screenshot displays a grid of service tiles from the eBusiness Center. The tiles are arranged in two rows and four columns. The first row includes: "Biosolids Program" (regulates disposal of sewage sludge), "Central Ohio Rapid Growth Interim Master General Permit", "Combined Sewer Overflow Control Program" (collects sanitary and industrial wastewater), and "Concentrated Animal Feeding Operations" (regulations for CAFOs). The second row includes: "Oil and Gas Linear Transmission and Gathering Line Projects" (stormwater requirements), "Dischargers Covered under Non Stormwater...", "Stormwater Discharge General Permits" (discharge permits for construction, industrial, and MS4), and "Electronic Business Services" (used for submitting eDMRs, permit applications, annual reports, etc.). A blue arrow points to the "Electronic Business Services" tile, which is also circled in yellow.

Where to Find Guides- Step 2

eDMR Guides

eDMR

The Electronic Discharge Monitoring Reporting (eDMR) system is a web-based service utilized to submit required monitoring data. eDMR is accessible via the [Ohio EPA eBusiness Center](#), a secure portal for online business services since 2007. eDMR has created efficiencies for both the regulated community and Ohio EPA by improving data entry submissions and compliance measures. As of 2017, more than 10,000 individuals have used eDMR to submit monthly data for over 5,500 different permits 100% of all permit reporting requirements are submitted through the system -- over 4.4 million data points annually.

Electronic Signature (PIN)

eDMR Guides

Responsible Official vs. Delegated Submitter

STREAMS Guides

STREAMS

STREAMS is a secure service available through the [Ohio EPA eBusiness Center](#) and is utilized for submittal of permit applications, submitting instant fee payments, conducting permit approvals, and for various compliance and reporting tasks. It will replace the paper-based permit application process with electronic applications and payments, provides permit approval process status to applicants electronically, and allows permit holders to submit monitoring reports electronically - no paper copies are required to be mailed if forms are submitted electronically via STREAMS.

STREAMS Quick Guides

Use these guides if you are new to the STREAMS service:

- [What is my PIN and why do I need one?](#)
- [How to Create a New Permit](#)
- [How to Renew, Modify, and Create Reports](#)

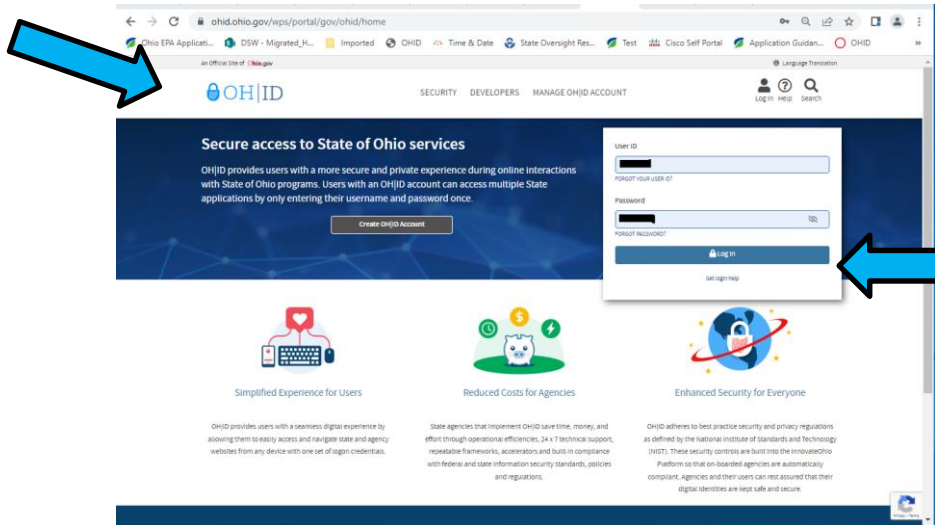

Use this guide for how to transfer a permit to a NEW owner:

- [How to Transfer a Permit in STREAMS](#)

Permit Applications Available within STREAMS

Report Forms Available within STREAMS

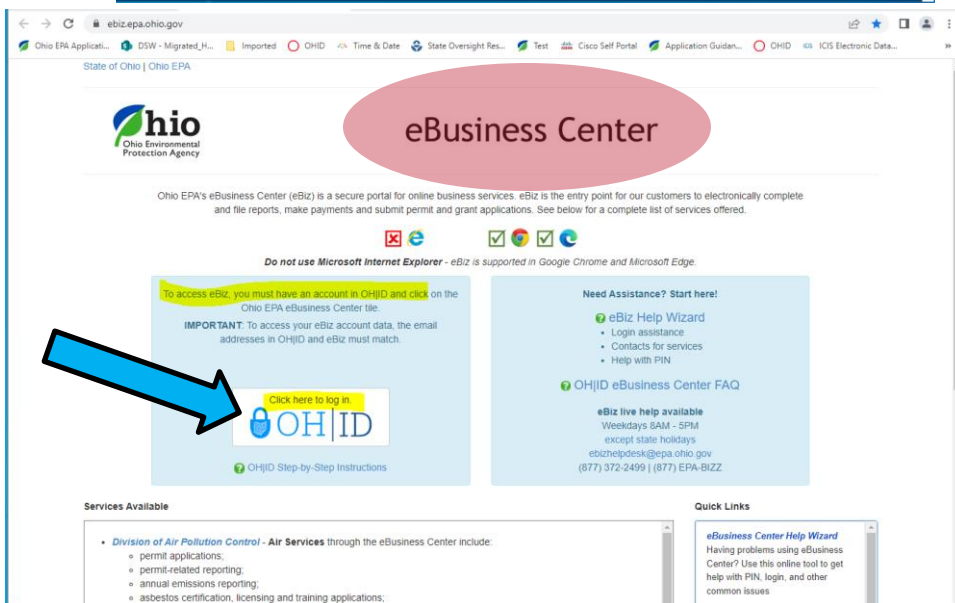

Accessing the Ohio EPA eBusiness Center

Start Here

- Log into **OHID** (<https://ohid.ohio.gov>)
- This is NOT Ohio EPA's website (run by the State, not EPA)
- Need a separate account (*this is NOT your eBIZ account*)
- If you go through different routes to get to eBiz— you'll be directed back to the OHID site

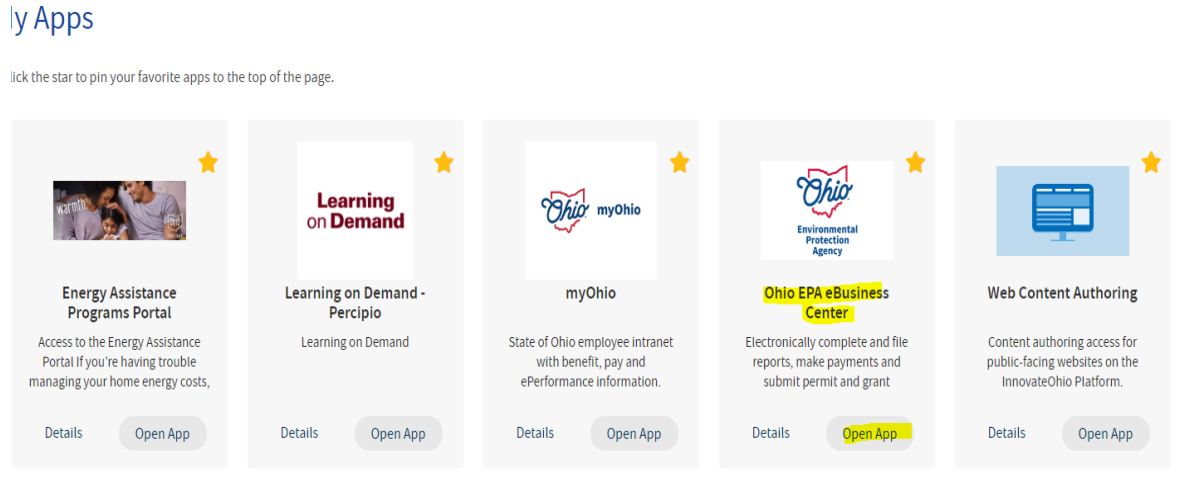

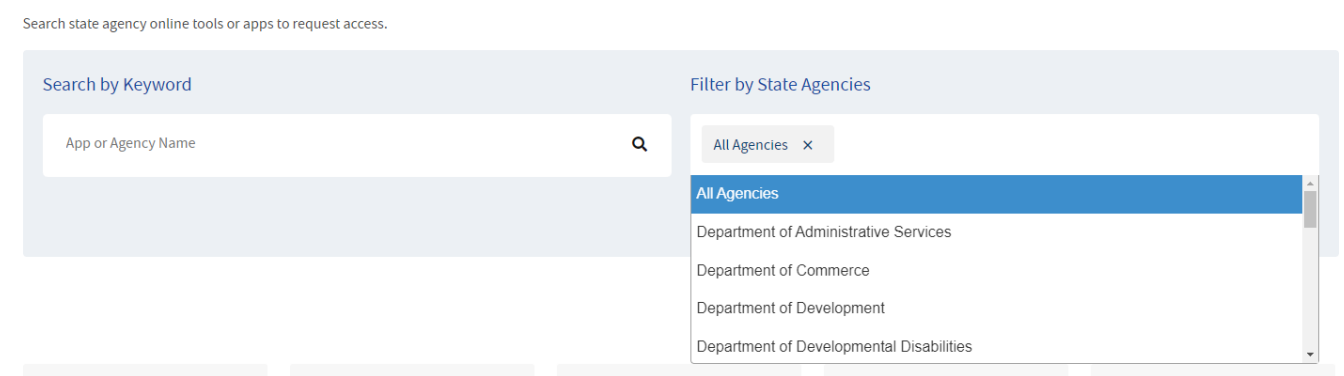

Accessing the Ohio EPA eBusiness Center

OHID Dashboard

Welcome to the App Store

1. Once logged into OHID - Go to Navy Blue Bar- Select App Store
2. Filter by State Agency
3. Find the Environmental Protection Agency – Find the ***Ohio EPA eBusiness Center App*** & Request Access
4. Select Request Access to Group, agree to terms, then select Launch to ***Open the App to access the eBusiness Center***
5. Need to update OHID/eBIZ personal account information? - Done here under Account Settings
(Changes will also show in your eBIZ account)

WHAT IS STREAMS?

Surface Water Tracking, Reporting, Electronic Application Management System

- Submittal of applications & reports
- Apply for Permits (New & Renewals)
- **Transfer**, modify or **terminate** a permit
- Create & submit reports (other than DMRs)

WHAT IS eDMR?

electronic Discharge Monitoring Reports

electronic submittal of Sampling & monitoring and analytical data

National Pollutant Discharge Elimination System

WHAT IS NPDES ?

Clean Water Act prohibits anyone from discharging “pollutants” ... into a “water of the United States” unless they have an **NPDES** permit.

Ohio < 3,000 + NPDES permits to prevent harm to:

- water quality
- people's health
- The environment

NPDES Permit Structure

First Step:

Add the permit(s) you want to report for, or renew, to your account.

Permit Naming Structure # **2IS00005*AD**

2 = NWDO (District)

I = Industrial (Category)

S = Metal Fabrication (Type)

*AD = 1st Permit Issued (B is second...)

Finding your permit online

Visit Ohio EPA Website

USEPA Permit #'s start with OH (ex. **OH1234567**)

Division of Surface Water
December 1, 2015

NPDES Permit Station Number Prefix Designation

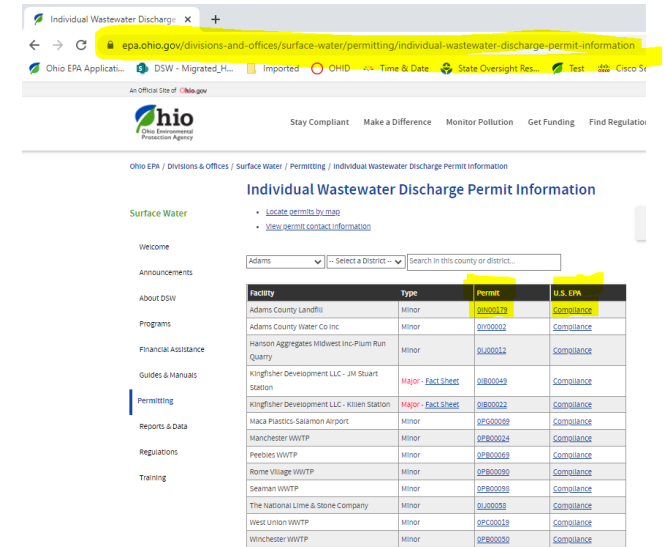

1	I	N	0	0	0	0	5	*	A	D
---	---	---	---	---	---	---	---	---	---	---

District	Number	Type	Letter
Southeast	0	Industrial	I
Southwest	1	Public	P
Northwest	2	General	G
Northeast	3		
Central	4		

(NOTE: *DP***** is a pretreatment permit. It does not discharge to waters of the State. The following apply to general permits: CD Big Darby Creek Watershed construction storm water, CO Olentangy Watershed construction storm water, RM marina storm water permit. OHG870001 is for pesticide application.)

Letter	General	Industrial	Public
A	--	Pulp and Paper Mills	Municipality - Under 0.1 MGD
B	Petroleum Bulk Storage	Power Plant	Municipality - 0.1 to 0.5 MGD
C	Construction	Metal Finishing	Municipality - 0.5 to 1.0 MGD
D	--	Steel Mill	Municipality - 1.0 to 10 MGD
E	--	Inorganic Chemical Plant	Municipality - 10 to 50 MGD
F	--	Organic Chemical Plant	Municipality - Greater than 50 MGD
G	Industrial Storm Water	Refinery/Oil Producer	County/Sewer District - Under 0.1 MGD
H	Hydrostatic Test Water	Food Processor	County/Sewer District - 0.1 to 0.5 MGD
I	--	Storm Water	Storm Water
J	--	Sand and Gravel Producer	County/Sewer District - 0.5 to 1.0 MGD
K	Household Sewage Treatment Systems	Tannery; Rendering Plant	County/Sewer District - 1.0 to 10 MGD
L	Household Sewage Treatment Systems	Coal Washer	County/Sewer District - 10 to 50 MGD
M	Coal Surface Mines	--	County/Sewer District - 50 MGD or more
N	Non-Contact Cooling Water	Misc. - Groundwater Remediation	Federal Facility
O	Geothermal	--	--
P	--	Acid Mine Drainage	State Facility
Q	(Q or Q1) MS4	Plastic Fabrication	Regional Authority
R	Industrial Storm Water	Rubber Fabrication	Semi-Public - Less than 0.05 MGD
S	Small Sanitary Discharges	Metal Fabrication	Semi-Public - Greater than 0.05 MGD
T	Temporary Discharges	Railroad Facilities	Schools and Hospitals
U	Petroleum Related Corrective Actions	--	PUCO
V	Small Sanitary Discharges that Cannot Meet BADCT	--	Mobile Home Park
W	Water Treatment Plants	--	Subdivisions & Apartment Complexes
X	--	--	Miscellaneous
Y	--	--	Mobile Home Park
Z	--	--	Extension of R's

Applications-Edit

The screenshot shows a web interface for editing applications. At the top, there is a dropdown menu labeled 'Application' with a count of 1. Below this is a table with the following columns: ID, Permit Number, Type, Coverage, Application Type, Updated, Status, Visibility, and Actions. The first row of data contains: ID 252925442, Permit Number 9GS00001, Type Small Sanitary Discharges, Coverage Regular, Application Type Renewal, Updated 08/12/2021, and Status Edit. Below the table is a search bar labeled 'Filter all columns' and a pagination control with buttons for 'First', 'Previous', '1', and 'Next'. At the bottom of the interface, there is a 'Report' button with a count of 1. A yellow circle highlights the 'Actions' dropdown menu, which is open and shows options: Edit, Delete, Modify Visibility, Delegate, Download PDF, and Zip.

ID	Permit Number	Type	Coverage	Application Type	Updated	Status	Visibility	Actions
252925442	9GS00001	Small Sanitary Discharges	Regular	Renewal	08/12/2021	Edit		Actions

ACTIONS Button:

- Choose Edit to work on application – Validate & submit buttons are at the bottom once inside application.
- Choose Delegate to hand off completed Application to the **RO** to review & submit

TIPS

- Save Frequently & do not use the back arrow button on browser.
- Patience – if you are too quick with clicking on things...system may seem frozen but it's trying to catch up with you
- Things still aren't working? - Log out & back in (All the way off the internet)

Add NOI Outfall

Applications-Delegating

- Can't find the person you want to delegate the application to? They may have set up their OHID account but **DID NOT** set up their eBusiness center account
- Once Delegated both parties should be able to see the application.

Knowing Your Role for eDMR Service

eDMR – Legal/liable Permit Holder = Responsible Official (RO) - (Request service for yourself)

If you are Not the *Legal Permit Holder*, then you are a Delegated Submitter

- RO must authorize another person to report eDMR's on their behalf in either 2 ways:
 - 1.RO can delegate those privileges to others online, if they have an account (quicker/no form)
 - 2.User wanting eDMR access, requests service on their own account (Form)
- Delegate Submitter – needs to get authorization from the RO to submit eDMR's by using a Delegation of Authority Form

Main Reasons Service Requests Are Denied – wrong role was chosen and/or not signed by the legal permit holder

The Legal Permit Holder = Responsible Official (RO)

Responsible Official (RO) - Does NOT mean the same thing for STREAMS & eDMR as it does for other services.

- Regulations define who a Responsible Official can be by the type of facility and the persons title & responsibilities. In summary this is the Owner, President, VP, CEO, or Elected Official, Mayor, etc... 40 CFR Part 122.22)
- STREAMS & eDMR - If you are **NOT the Legal Permit Holder** – You are **NOT the Responsible Official**

RO - needs their OWN Accounts & PIN & there can be more than one for a facility

The Legal Permit Holder = Responsible Official (RO)

This is because, the **RO** is ultimately the one responsible for:

- Knowing when there are violations & making sure they are reported
- Having the authority & resources to resolve violations (money, staff, etc.)
- Ensuring documents are prepared under their direction / supervision
- Ensuring that qualified personnel properly gather AND evaluate the information submitted
- Certifying that the information submitted is, to the best of their knowledge true, accurate, and complete.
- Certifying they are aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

The **RO** is also responsible for:

- Notifying OEPA if others will be collecting data/submitting reports on their behalf (DMRs)-
Delegation of Authority Form
- Signing & submitting permit & renewal applications

Accessing eDMR's

eDischarge Monitoring Report (eDMR) Service

Late/Non-Submittal of DMRs -

- DMRs are created on the **1st** of every month
- **Due** on the **20th** – Have **20 days** to **enter your data** (NO reason for late reporting)
- RO can authorize more than one individual to report eDMR's on their behalf. This can be done online- Instant access!
(Make sure you have a backup person to submit!)

TIPS – Stay in compliance

- Plan Sampling early - get results back on time
- Set reminders on calendar & phone to enter your data
- Download the excel version/or pdf of your DMR on **1st of the month**
- **Enter Data** as you get it – **Don't have to log in**

1st Step to Access Your DMRs

1. Log into Main Page → Facilities Column → Click “View/Edit” to Add Facility & Request Service (Can Remove Facilities as well)

State of Ohio | Ohio EPA | Logout

eBusiness Center

eBusiness Home My Account Service Admin

Select and Manage Facilities Associated with Your Service

Please select a facility from the list below. If you do not see the facility you want in the list, you may need to add a facility to your service profile by clicking "Add Facility" below. Repeat for each additional facility you wish to add. Once you have added one or more facilities, click 'Next' to submit your request.

Note: If you have been delegated access to a facility, but do not see an active link to the facility below, this is an indication that access to the facility for this service requires a PIN. You will be granted access to the listed facility once you have completed the PIN activation process.

Service: e-Discharge Monitoring Reports (eDMR)

eBusiness Home My Account Service Admin

Service Activation - Facility Search

Facility Search Criteria

The first step in activating a new service is to associate it with one or more facilities. Use this search to locate facilities for association. The search uses "contains" logic. For example, if the facility name is "Redbrick Enterprises Inc." you can enter "brick" in the "Name" field below. This will search for all facilities with "brick" in the name.

Searching by the Regulatory Program ID or Agency Core ID is the quickest and most accurate way to find a match. A search by street name and county is also an efficient way to find potential matches. Try less specific criteria if an initial search is not successful.

Regulatory Program ID: 11D00001

Agency Core ID:

Name:

Address Line 1:

Address Line 2:

City:

County: <none>

Zip:

Please Note: For best results, enter only 1 or 2 criteria. See above text for best criteria to use for this service. Click [HERE](#) for additional help.

Search **Reset** **Cancel**

Accessing eDMR

The screenshot shows the Ohio EPA eBusiness Center interface. At the top right, it says "State of Ohio | Ohio EPA | Logout". The main header includes the "Ohio Environmental Protection Agency" logo and "eBusiness Center". Below the header is a navigation bar with "eBusiness Home", "My Account", and "Service Admin". A "Welcome to the Ohio EPA eBusiness Center" message is displayed. A table of "Available Services" is shown, with "e-Discharge Monitoring Reports (eDMR)" highlighted by a blue arrow labeled "1". To the right, a sidebar menu has "View Reports" highlighted by a blue arrow labeled "2". Further right, a "Welcome to the Electronic Environmental (E2) Reporting System!" announcement is shown, with a blue arrow labeled "3" pointing to the text "The Electronic Environmental Reporting System is comprised of eDMR - Discharge Monitoring Reports".

- Do NOT Leave a box Blank if Data is Expected
- Unsure- check your Permit

A Codes

Print for Reference

Choose Correct code for situation

(Difference between compliance/Non-Compliance)

Common Issue

If analysis shows “Non-Detect” for your sample result = use

AA Code with Detection Limit (AA _{space} 0.5)

Say You Didn't Collect a Sample:

Reason Other than one Covered by a different A code (say Tech forgot) - **AH**

Sample Site Not accessible (Flooded /Frozen over) - **AC**

Just a few Examples...

Some require a specific comment, Some do not

VIEW A CODES:

Value	Description
AA	Below Detectable Limit: Use this code when the quantitative analysis for a substance is done according to an approved analytical method and either does not detect the substance or detects it at a level below the Method Detection Limit (MDL). Enter the MDL value after the AA code separated by a single space (ex. AA 5.0). No comment is required.
AB	Analytical Data Lost: Use this code when the analytical data for a sample has been lost. This applies only to recorded data (e.g. paper records, data disks, etc.). This code is not to be used when a sample is lost. In such a case, the sample would be considered not to have been taken. The circumstances causing the use of this code should be explained in a Specific Comment on the first date of occurrence for each parameter.
AC	Plant Not Discharging: Use this code when no wastewater was discharged on that date thereby precluding the collection of samples. Enter this code for all parameters which were required on that date. No comment is required.
AD	Automatic Analyzer Out of Service: Use this code when an automatic analyzer, which is normally used to analyze samples at the treatment works, is inoperative. The circumstances causing the use of this code should be explained in a Specific Comment on the first date of occurrence for each parameter.
AE	Analytical Data Not Valid: Use this code if the analytical data for a given sample is for some reason not valid. The reason that the data is not valid should be explained in a Specific Comment on the first date of occurrence for each parameter.
AF	Sample Site Inaccessible Due to Flooding or Freezing: Use this code if a sample could not be collected because the designated sampling site was flooded or frozen-over. This code should be used for all parameters required to be sampled at the site on the day that it was inaccessible.
AH	Sample Not Taken, Explanation Included: Use this code when a required sample is not taken for a reason other than one covered by another "A" code. An explanation as to why the sample was not taken must be entered as a Specific Comment for that parameter and date.
AJ	Above Range of Automatic Analyzer: Use this code when the concentration of a substance is above the level that an automatic analyzer is capable of measuring. This code should only be used for parameters that are normally analyzed by an automatic analyzer. The upper limit of the automatic analyzer should be reported in a Specific Comment on the first date of occurrence for each parameter.
AK	Biological Sample Too Numerous to Count: Use this code when the number of bacterial colonies for each dilution tested exceeds the acceptable number of colonies given by the analytical method used. (Appropriate dilutions should be used to obtain an acceptable count of bacterial colonies.)
AL	No Discharge During Monitoring Period: This code is valid only for reports submitted on paper or via Swimware. DO NOT USE THIS CODE in e-DMR. If no discharge occurred for the full monitoring period, select the No Discharge check box at the top of the e-DMR form.
AN	Sample Not Taken, Plant Not Normally Staffed (Saturdays, Sundays, and Holidays): Use this code to indicate when samples are not collected on days that the treatment plant is not normally staffed. The use of this code is limited to Saturdays, Sundays, and officially recognized municipal holidays if the treatment plant is not normally staffed on those days. This code is only acceptable for

Comments with A Codes

Comments Required by an “A” Code

- choose the correct column/parameter, AND correct date
- Enter reason & keep explanation short
- Do not hit return /enter key
- Do not use special characters (&, # , etc.)
- **MAKE SURE YOU CLICK ADD/SAVE Comment!!!!**

General Comments – End of Report

- Make sure you Enter the reason - keep explanation short
- Do not hit the return /enter key
- Do not use special characters (&, # , etc.)
- **MAKE SURE YOU CLICK ADD/SAVE Comment!!!!**
- *Use Excel template to avoid worrying about the general comments.*

Validating Reports

Cells highlighted **Green** – Warning - data outside limits

Green does not mean GO!

Example -Range is 0.05 - 0.08 ug – Result of 0.102 exceeds that range and it may be an effluent violation

Cell highlighted **Red** – Error – Cannot Submit until Corrected

- Check units – gpd vs. mgd, mg vs ug
- Check comments
 - Is a comment required? (**AH Code for that parameter required a comment**)
 - Proper code used? AA has to include the detection limit
 - Did you use a special character?
 - Did you hit enter/return key?
 - Comments too long? “ & “), AA code requires a space and then the MDL to be entered
