Noa Davis uses watercolors, acrylics and markers to create whimsical characters and story boards. She currently studies at the League Artist Natural Design Gallery and Studio (LAND). To view some of her creative work, go to <https://strokesofgenius.org/noa-davis-art-gallery>

**WE ARE HONORED TO WELCOME THESE REMARKABLE ARTISTS TO OUR FAMILY OF EXTRAORDINARY ARTISTS**

**TED HINMAN**  
**World Building Multi-Media Artist**  
Teacher, Artist, Blacksmith, Historical Demonstrator  
“When I am creating my art, I forget about my disability. I am able to create without judgment from others of me.  
**ART SAVED ME!**”

Ted Hinman creates large, illuminated, immersive installations to help people heal and transform the future of our society. Inspired by his spiritual beliefs and passion for nature, his vision is toward collective societal healing through art. Ted's fine art is described as “immersive, healing art installations where people can walk around, connect with the art, and experience something spiritual within themselves, regardless of their religious beliefs.” The installation space becomes a sanctuary where people may set aside their daily difficulties in life. For more information, go to Ted Hinman’s Studio <https://www.tedhinman.com/>

**WISHING YOU ALL A WONDERFUL HOLIDAY SEASON and a HAPPY NEW YEAR!**

“Art should be like a holiday, something to give man the opportunity to see things differently and to change his point of view.” ----- Paul Klee
